Summary

When we pray and exert ourselves, we must pray in absolute faith. Absolute standards are required for true parents of heaven and earth, who are the shape of living heavenly parents. When you reach it, the gates of heaven will be opened, and the blessings of heaven will be sent down upon you, the children of heaven.

America's Tenshinka Seishon becomes 1000 times. In 2022, since the greatest gift given to God America, Tenwa no Miya as the God America Tenshinni, today it has been a thousand new beginnings. Everyone must personally dedicate Tenshinkai Seijin 100 or 500 times to see the result of this kind of seijin.

If all the world's leaders had scolded your mother, and all the churches had been united with the Honjo, and worked their best to fulfill your mother's words by making life and death decisions, giving their all,

and practicing practices, it might have been a lot more progressive without the current situation in Japan. It shouldn't take a lot of time to fulfill your mother's words. In the golden age of the provincial age, where every day is like a thousand years, I wonder how I can bear false complaints from the spirit world if only Mother's words are not fulfilled. Compared to God America 1000 times, my church is still a detour, I must depart from now on with a determination to make life and death decisions, give my all and all my strength to achieve the church that Mother desires.

When Adam and Eve were completed, they had entered the state of heaven's feelings, but not a single person could be able to bodily until the true father and mother came six thousand years later. So there are mistakenly interpreted that Jesus came to die on the cross. A civilized area that does not understand the feelings of heaven has pulled on history and hurt the heart of heaven. The civilizational area could not be cursed even though the coming of Messiah, the only daughter, the Holy Spirit, came, and the path that the father and mother walked has become a steep and blood-stained path. These two are living in prison, and when they open the gates of heaven in a low position, they are trying their best to find a small needle that knows the situation of heaven. Now the young people are grasping for their parents' feelings, crying and crying. Many young people are showing proof that they are willing to sacrifice for their mother right now. Heaven is moved when the number of those who pray in such a state.

Father's only saying "Father, whoever says just one emotional word to me. Got that feeling. When I think of Heavenly Father my heart is choked up and I myself can't do anything about it, there is such a realm that even without prayer my whole life is a life of prayer. There are so many circumstances that make you feel frustrated and frustrated, grasped by a tree, grasped at a telegraph pole, and can't do anything about Heavenly Father. At some point I put my heart to the point that I can't support my body. "and prayed on this basis.

True Paternal Sutra: "When I first evangelized, I did not evangelize with my mouth." There were many people who were propagated through dreams to go to the Unity Church. preaching in the spirit world. In the spirit world, my sons and daughters were told that wherever they would go, they would meet a person called Fumi-sensei. That is how the gathered are the food of the Unity Church. "I hope that your father will take part in his dispatch. If we sink into heaven's spirit and pray, that kind of affairs will happen. Not only your father, but successive loyal retainers were mobilized to serve as officials. That's why we are educated in Tenshingai Setsuri.

On March 31st, the sixth session of the Kami Nihon Tenshin Resonance Prayer Three-day Shiren-sai begins, and 850 people are currently accepting the meeting. At least over 1000 people will give strength to your mother and start a new role for Japan. Over 1,000 people gather and hold a training session, they have to create a surprising role that moves the whole spiritual world of gods and Japan, and all absolute good spirits of all comeback history are mobilized.

The church is in the shape of a father. Dissolving the church is the same as crucifying your father and mother. In times like this we must do our best. When heaven and earth are vibrating, we must pray and go forth with new decisions to mobilize the spirit world. Don't sit down. Don't be a spectator. Your mother is conceived in the depths of hell to open the gates of heaven and you have to say see my prayer when asked what you were doing at that time. If there is no church you can go to the mountain or holy place and pray. Be determined and determined wherever you go, heaven will direct and teach you. He will make visions, hear voices, and comfort you. Even now, miraculous acts await the god Japan god Korea. Living and working Heavenly Parents are ministers. I wish that this prayer meeting will be a part of the officer, and next Friday we need to gather more people than today to do their best and give it to our mother so that she can give strength. Wish it would be such a resolve and blessing prayer meeting.
