I hope you're doing well

1541th Tianxin Garden is dedicated all night

Summary

From the detention center entering the 204th day, saying, "Today is a blessed day, one year since the entrance ceremony of Tenjongu-gu Tenichi Shoden, and I believe that Heavenly Parents will be the true masters of this earth, embracing and loving their children to their heart's content." I am grateful and sorry to the true mother who opened wide the gates of heaven. Reported. The commemorative event for the entrance ceremony of Tenjongu-gu Tenichi Shoden is held on May 2.

Proof of 40 Korean women who married in Japan: The ship I was sailing broke down and was about to sink, so I came to the training session. While he spent 27 years in Japan doing his best, he felt like running away even though he was living with many injuries, but he was recommended by his religious parents to participate in the training session. Becoming grateful for everything, and embraced the spirit of my mother who carried all the hardships for my sins. If I had to do it anyway, I was able to return to Japan and become a noble family loving my life all night long to participate, and I was able to come back to Japan and become an honorable family loving family. I've come to realize the amazing love that Heavenly Parents have for me. It was a sign that the words your mother said at her entrance ceremony were fulfilled.

Let not the words spoken at the entrance of the temple fall to the earth, so that the gates of heaven may be opened wide for ourselves and for our households, even for our clans, nation, and the world, so that we may go first and bear witness. Mother, who wishes to return to Tensho-gu Shrine to send words and love to the people, and she thinks about the current situation that she can't be free, and she hurts her heart like a thousand years. I hope that I can come out as soon as possible and be welcomed as the mother of Shisho who will bring many people to life again.

There was a report on the prayer of the name by patrol. With 2 million times praying for the name, my daughter participated in 21 shu, and with 4 million times she decided to receive blessings, and with 6 million times she met her opponent. People who work hard just empty their hearts and focus on becoming one with their father's feelings. After you have done all your diligence, you must leave it to Heavenly Parents, and allow the sun-like love of Heavenly Parents to enter your heart. Once you begin to judge all grace is lost and love fades.

WHEN YOU PRAY FOR YOURSELF, YOU NEED TO LOOK BACK WHERE YOU PRAYED FOR HEAVEN. When you look at the order of prayer, Heavenly Father is the first prayer. Next, pray for true parents, then pray for true households who are central figures of providence, the fourth rank basis, the households of Tenai Shishoshi, and those who are reasonably responsible, and pray for the households if you have time, and devote your whole heart and diligence, the prayer will happen as a remarkable task. ALL FAMILIES ALL OVER THE COUNTRY AND AROUND THE WORLD MUST PRAY WITH ELECTION FOR HOLY MOTHER HAN AND LET A MIRACLE WORK.

Very important that the food that has been trained in resonant prayers for three days, form a foundation for goodness and offer resonant prayers. There is a difference between praying alone and praying together. If three people pray with a foundation of goodness, there will be even more amazing affairs. Special prayer rooms in churches, prayer rooms in homes, where we need to establish a culture of fervent prayer and devotion. And the church will be led by the Spirit and truth.

Looking at today's reading of Kunjoku no Mikoku, we need to prepare a system above the Vatican with Seihei as the center. The world's humanity will visit Seihei, honor the life of their true parents, and make it a place of hope for humanity as an environmental area where they can feel the love of their Heavenly Parents. We should make it heaven on earth where everyone's heart automatically attracts. That's why I've been devoted to my bone-crunching devotion. We have to prepare for people from all over the world to gather for the springtime majority of the aardvark blooming beautifully.

Poem sent by Koshin-sama

How can I tell you the feelings of a father and mother crying for me how can I tell you this time
How can I speak through these hours of tears that are told to me that I cannot hear, that feeling
that I love you, that feeling that is told to me I love you

When I realized I was infidelity. When I see it I was infidels.
Little did I know the sincere amount of time I had to cry and hold my precious baby girl

Little did I know the heartbreaking feeling that I had to cry out to the girls who couldn't hear
When I came to know everything I could just sit there and cry

All I could do was shed a tear knowing how much Heavenly Father loves me
I couldn't say anything I couldn't explain anything

All I could do was sit back and say sorry
I never realized that those beautiful hands that caressed me were covered in scars from me

My suffering was nothing short of seeing your pain.
Because you hurt more than my pain and you shed more tears when you saw my pain

In front of your father and mother, I was just filled with unlimited sorry.
I can't sit down as long as I hear your mother and mother cry

I rise again I move forward again
Going through the long curtain to let you know your father is here

Through the long curtain so I can hear my father and mother's voice
Through the long curtain, so that parents can fully embrace their children

All the rich wisdom in its closing end will carry on with nothing until we hear the cry of our
parents

People who have never heard their parents cry, from the standard of promotion, they are in a dark place where they cannot hear their parents cry, no matter how much they cry. Even if it's just once, listen to the voice of Heavenly Father crying. If you break the dark curtain before, the sorrowful feelings of Heavenly Parents, and the feelings of today's mothers seep into your heart, it will be a turning point in your daily life. Then you can expect extraordinary growth in faith.
