Summary

Impressions of Tenshinko Seishin from Nihon Shokuchi: In the midst of the crisis in Japan, the first generation, second generation, and third generation became one at the spiritual 3-day training session attended by 1,185 people. The third generation testified to the parents and parents of the first generation, and determined to support their mother with their lives. The way they frankly opened up their hearts to each other, resonated and prayed for each other, strongly felt that we are not dead, our Heavenly Father and Mother are alive and acting, and it is now the real thing. The warm message of Tenai Shoshi really healed me and gave me strength. I feel that miracles can happen and change the world if we become one with Holy Mother Han and become one with Tenshinzen and brothers and sisters forgive and love one another. We are not dead when the church is dissolved. Igniting the Holy Spirit officer from God Japan and expanding it to the world.

From the certificate of 40 women's trainees: They came to Seihei for the first time in 15 years, and participated in training sessions to sort out their feelings of not being able to love their subjects sincerely before leaving I realized the feelings I don't know the cause came from my family problems. She resented her mother for not loving her terminally ill father, who worked so hard as a nurse, and she resented her dormant sister, and everything was the subject of resentment. Heaven administered so that we can exert prayer and devotion to turn a resentful heart into a loving heart. I thought it would be easier for a husband who didn't work out, but when I saw a mother who wanted to go into the spirit world with the husband whom Heaven gave her, she was dissolved of her resentment. Then, my eyes at the main person strangely changed and became light like a spring breeze and became able to love him.

Proof of a trainee: The elder sister who received 6000 twin blessings suddenly developed spiritual possession while praying early at 3:00 in the morning, taking the pain of the elder sister as her own pain, and learning various conditions for the elder sister, she established her own faith now. In the midst of family opposition, he himself received the blessing of 30,000 pairs, and he lived 33 years without fighting, and built a family that the entire village praises him. A year ago he became retired, and decided to serve for the good of the Lord, he became a model family who participated in the training session.

Kun-doku only: "The place where you complete the blueprint of the Creator Heavenly Father and Mother, is truly a ryujo-tengu."

It is the blueprint of the Creator Heavenly Father to live heavenly life together on earth and go to the eternal heavenly kingdom through the completed true father and mother Adam and Eve. How long I've waited for this time to be completed. Adam and Eve, who were reinstated, came to be true fathers and parents, searched for their children globally, how surprising is this? It's a shame the world doesn't know

this fact. A place where you can vividly see the true fathers' love and providence history, that is truly Tengu Shrine. We must make room for the people of heaven to see how they live in their true fathers. "\

The way of training at Moshim Shurekai was started to show the Creator Heavenly Father and Mother how to enshrine in real life. Every man must undergo mosim training. We finally become complete through spelling. Under all circumstances, we must establish faith in deeds, faith in faith, and standards of righteousness to live in accordance with our Heavenly Parents. Then the Creator Heavenly Father will come into my household, come to my church and be officiated, and it will become a world of Heavenly Father Holy Convocation.

Only mother said, "Tenjiku must be seen in front of mankind." In a true sense, we must become a nation that knows and worships our Heavenly Fathers. You must become a people. You have to become an individual, that's why you are educating. It's important to show. Talking of a world of peace and heaven on earth, but what heaven looks like. Heavenly Fathers and True Fathers have become one nation. That is Heaven. "\

To create a heaven to see, your mother was given an entrance ceremony. In order to create individual gods and households as heaven that can be seen, and to create 2,300 places around the world as heaven, Tenjudanchi is intended to be built as a model. Walking in the practice of Tenshin to keep the works of the evil gods clean and in order, and to show the elect blessed households doing the works of the good gods. I pray for continuing to achieve that goal and giving thanks.
