At the Yeongseong Workshop Opening Ceremony ---such praise they offered!... SW was resonating with them...

3 of TF4PF have come... I am so happy to see them... various members of the devotion team... and the Hall is full... We ask Heavenly Parent to accept our devotion, look at our devotion... We are wanting to set such standard that we want Heavenly Parent to come, we should be able to have that heart...

What if the President came into your SS, and when I came in, they were so surprised, and They didn't have many members, maybe ten, so they weren't able to have that service, so I came forward...

All the churches, all their member individuals need to offer devotion with such a heart to open the era of Cheon Il Guk substantially

And throughout the world 28,000 place are joining for about over 60,000 joining globally

Our Yeon Ah Nim shared her reflection from going to the court trial. Truly, even at the difficult position, True Mother was like the vast and calm ocean, with that Heart, She had such Patience and Stood (Her Spirit Heart and Body) on the ground very firmly.

In the Providential Golden Age, there are a lot of things that True Mother should be doing. So, True Mother, I hope She can come out so that She can Fulfill all the Promise She made to Heaven. And for that Purpose we must offer our utmost devotion that moves Heaven. Aju?

When True Father went to Danbury Prison, True Father Said the Words: In all the time True Father Spent

of His Life in Danbury, True Mother, Lived Exactly the Same Way as True Father. And our Yeon Ah Nim ((I love that PL calls her, our Yeong Ah nim)) our Yeon Ah Nim said that True Parents are like this, TFs are this kind of People.

And as Yeon Ah Nim listened to the Final Statements of True Mother, Yeon Ah Nim told us that it was exactly the same Message that True Father gave at Danbury, and that's why Yeon Ah Nim felt that True Parents are One.

So, that is why we must absolutely become one with True Parents, and we must (start with perfecting attendance of True Mother's Word and Direction) to forgive, love and unite as one, as one. And that's what we must show to Heaven.

In this Providential Golden Age when True Mother was going through hardships, Heaven will ask, 'What did you do?'

Our Brother Petungi, when he had a spiritual experience, he reflected on his 44 years of public life. And he went through the household that he went to visit. And there were unthinkable, unprincipled, miserable and shocking sceneries of our BFs. And he shouted, 'Please stop showing me.' And he ran away, or he broke out, as he shouted.

When we think about think about this, when True Mother is Facing the Hardship, we must ask ourselves, 'What did you do?' In the SW, whether you want to show it or not (or thought it was) or not, the leaders look truly how you look to all the people.

So, we must always have the heart to look at what we have done every day. We should be cautious with our mouth. We must offer devotion every single day so that we can live a life that can move Heaven. That is what we must do.

Christians, during the time of Jesus' course of the cross, they always sing a song. the moment when Jesus was on the cross, what did He do? As the praise with this kind of song, they reflect themselves. They sing such a hymn.

But after time passes, when we think about what we have done, the day will come when it will be revealed about what we were doing on the day when True Mother was Facing Difficulty. So, at this time, we must become one.

That's what True Mother told us. And we are trying our best to become great in the spirit world by what we did in the Last Days...

More than 150,000, 157,000 members have registered. And for 3 days, we held the GWs. And you saw the video today, and it made your heart burning, right? You shouldn't just stop with just watching once, but I hope you watch it ten times.

The fact that we're watching this video would allow us to witness HyoJN, HeungJN, DMN, and all the absolute good spirit realm has worked in order to make something like this happen. So, we must set our resolution as we watch those videos, so that we can fulfill the promises, fulfill our responsibility that Heaven has laid before us.

This Providence is not occurred because of me or anyone else, but because of Heaven. Actually Heaven did not want only this Main Hall to be filled... Heaven... Actually we saw members in the hallways and in the Cheon Shim Won, even in the small hollowed part was filled. You saw those photos, right?

What Heavenly SW wants is to fill up the World Center, overflowing with the number of our members, overflowing in the World Center. You should not go along with just your own thoughts at any point. But you must always, always, think about what Heaven wants.

And in the Autumn GWs you can become such a person, and we will be able to fill up the World Center so that this world will be surprised and amazed by us. I believe we can make that happen.

Offering devotion for True Mother, you must offer devotion that can move Heaven. And brother Petchungi, he was expected to ascend to the SW, so all the family was called to come. And his wife called me in tears, asking me to pray.

So, during the intensive prayer, we asked them to offer prayer. And 210 people offered 1,000 calling out prayer. And they put all their energy into their prayer. And they heard the Message, and they saw the Vision. That Work occurred, and the next day, the person who was supposed to die, he revived. And he was sent to the General Ward.

And at that moment, Heaven told our brother Petchungi, 'Testify True Mother to the world.'

And after 3 days, he had a grueling spiritual battle, and at the last moment, he had a big sword to fight back. And he heard a Message:

'You must become a person to protect True Families.'

And he was able to walk a new life, a new path. Such content was there in his testimony.

Before Mother's Trial, the owl devotion team offered devotion. From 5pm until the next day, they offered 43,000 calling out prayer for Mother, each person doing 43,000 calling out prayer. Ten people did this. And the next day at 2pm, they were able to finish that calling out prayer.

My brothers and sisters today we offered 210 times calling out prayer. And it's not easy, right? Imagine offering 43,000 calling out prayer. It is endless patience, beginning at 5pm, you go throughout the entire night until the next day 2pm, they offered 43,000 calling out prayer.

They made the victory. They saw the vision. They heard Heaven's Voice, meaning the Subjective Partner SW has been with them. And we receive a lot of testimonies regarding that.

My brothers and sisters, Family Pledge Verse #5 is not just mere Words. Those Contents are Contents we can Fulfill. As we read Family Pledge Verse #5 and engrave those Words in our heart, we must become people who move forward with the SW. We must move forward with Spirit and Truth. Hallelujah

Cheonon Construction Company must move forward with Spirit and Truth, Sonan Construction Company must move forward with Spirit and Truth. Even if you're farming, you must move forward with Spirit and Truth. Even if you're selling something, you must move forward with Spirit and Truth.

the Magnolia Hospital must move forward with Spirit and Truth. All the things you do, all the Providential Institutions must move forward with Spirit and Truth. We must not make Heaven to get angry at us (sad and frustrated with us, lost of us).

We are the owners of Cheon Il Guk, centering on true love. We have been repeatedly saying this. And we must have the ownership. But if you have the life of faith of a servant, then Heaven cannot Bless us, As the owner of Cheon Il Guk, as the Direct Children of Heavenly Parent, as the Inheritors, if we move forward with that Standard, you'll be able to rule and dominate over the world. That's how Heaven will raise you.

In Chambumo Ron, Among many Chinese characters, if you asked me to choose one it is the one meaning 'devotion song'. Devotion is fulfilled by practicing the words, by moving the Heaven, by moving the other person, the other people. That is the basis of our life of faith.

Those who offer devotion, you must... I cannot mistreat it. I have to take it precious. Heavenly Parent Offered Devotion through 6,000 years of the Providence of Restoration and finally on this Land in this, Heavenly Parent found True Parents.

Through 4,000 years, God Sent the OBS, but because people of Israel couldn't offer devotion enough, the people of Israel had to walk the most miserable path. In Chambumo gyeong, you must understand how fearsome it was to Restore Mother. The history was truly filled with blood and sweat and tears to make the foundation to Restore Mother, the history that has been made in order to Restore Mother.

In order to set the stage for the Standard of True Mother, there are people who have prepared thousands of years ago, who received the prophesy and allowed this to happen today.

It was just like the passing down the candle centering on the Holy Fire. We must not let the Fire be turned off. And God continued that Path for the Holy Fire to be Lit. You never know how much the people have sacrificed in the Providence of Restoring the Position of Mother. You never know how fierce the battle was.

The Holy Spirit does not have Form. Holy Spirit Oil, Water, Wind... the Holy Spirit has been working that moves all the people. Heaven has been working in order to Bring the Bride into the world. That is why Heaven has established Mother at the world level. That's why Substantial Liberation in the SW and PW was possible.

And these Words are explained in the Epic History of the Chosen Han People of Korea, through which you must understand that God has Protected, and God has Offered Devotion in order to Protect and Manifest True Parents.

And before God Sent True Parents, the Three People who Offered the most Loyalty to Heaven amongst the nation who were educated, they received True Parents. They were the ones who, when True Parents Proclaimed that They were True Parents, moved forward for True Parents, went to the Holy Wedding, Accomplished Foundation, and set the Condition for us to Restore all people and all things.

Finally, the Day to Proclaim True God's Day Happened. In 1968, January 1st, True Parents Proclaimed God's Day. And December 20th, They Gave Blessing to 430 Families. And They Talked about the Tribal Messiah, and all the 430 BF's to become the tribal messiahs.

If our BF's move without change and they only focus on the Heavenly tribal messiah mission, more than 18 million people would have been our member, going beyond that (to attend True Parents as their absolute Central Heart).

As True Parents progressed with the history of the Blessing, if all the BF's became the the tribal messiah, ((Rooted in fullness of understanding True Mother, OBD Central Pillar of True Father/True Parents and of all Providence, all could have been 'buttoned up properly and progressed to raise pure waters by strongest of Spirit and Truth Power)) for establishing heavenly cities, heavenly nation and heavenly continent and heavenly world.

True Parents have been pushing forward with that goal. However, because our life of Faith was not deeply Rooted, even with a small trial, there are many BF's who have wavered and who had to wander around with hardship. That's why we are asked to offer devotion.

Through True Mother's Shimul Devotion, True Mother Set the Victorious Realm Foundation. Now, we have Cheon Shim Won. At the least, we must offer perfect devotion, 1,095 days of Devotion. If we do that, it will strike deep roots of your Faith.

True Parents are moving forward to fulfill Vision 2027. As Yeong Ah Nim has shared with us, it is on the 60th Anniversary of True God's Day. We should not just Meet that Day simply. True Mother is Facing difficulty right before us in these days right before, so we must push ourselves harder so that Vision 2027 on the 60th Anniversary of True God's Day, we must bring True Mother back to here, fill up the entire World Center, even so many people coming that we don't have enough space at the World Center, even having the Garden Plaza, the Garden Center, filled.

We must offer such Devotion to make that Happen. If we can make that Happen, Heaven will absolutely Work. We should not just let the time pass. Aju? (Aju!)

Christians sang this song. (He sings) 'Were you there when they crucified my Lord?' They shed tears. They sang this praise with tears. Those people that were there when Jesus was on the cross, all of them ran away. Only the thief on the right put his hope onto Jesus.

Now, while True Mother is in difficulty, all of us must embrace hope to move forward. We must have absolute. We must have absolute hope. With absolute hope that we will absolutely be victorious, the Hope that all of the people of this nation will come to praise Holy Mother Han. We must have that Hope to move forward for that Purpose.

We must make the Han People of Korea, know about the Chosen Han People of Korea. This country is not just for ourself. It is for all the people, all the Peace Ambassadors to know. Up until now, there are a lot of members who have drifted away after becoming members.

We must bring all of them back, so that they can come and repent and bow down before True Parents. If they don't, they will be judged in the SW. Even if you have passed from your life, they will make you to go around to the families. They will tell you, 'If you had fulfilled your responsibility, this would not have happened.' They (the SW people). They will show you how you failed your responsibility. In this remaining hour, we must think about how we will be judge. So, in the remaining hours, in order to fulfill our responsibility, we must do everything.

So, as we ask HyoJN and HeungJN, 'What should I do?', if you move forward with those questions and if you move forward with that heart, your/our life of Faith will explosively grow. Please think that we are in this grave hour to receive the OBD and Her Direction, please think that we are in this period of that offering of ourselves with absolute faith, love and obedient for oneness with True Mother that starts from laying down ourselves solely to show Her Heart and Word of Direction for true loving and uniting with each other, solely for Her Strength and Protection, to be shown a result of our devotion and that leadership Standard.
