On the first and second day of the Great Works, the fulfillment of Wish Paper was offered at the Jeongshim Won where True Parents had offered lots of sincere devotion. True Parents of Heaven, Earth and Humankind opened up the fulfillment of Wish Prayer as a channel for our members to connect with so that we can untangle our spiritual knots and remove the resentful spirits so that we can live a healthy life immersed in True Parents' love.

The Special Prayer Room Prayer was also held on the first day and third day. We would like to share some of the testimonies.
