During the Great Works, the Holy Ground Pilgrimage event for the Inheritance of Heavenly Fortune was a huge success, especially since this event included the newly built HyoJeong Café as True Parents mentioned. Through these programs a lot of members experienced True Parents' shimjeong with their own heart and body and had a special time to make a determination for a new start.

The Holy Ground Pilgrimage started at the Jeongshim Won and progressed in the following order: Cheonseung Dae, Chinhwa Education Building B, Sunhak Institute of History and HyoJeong Café as the last point. Many members desperately walked around to inherit the True Parents' words and vision through the Holy Ground Pilgrimage and finally took a commemorative photo at the True Parents' photo zone.

The photo gallery which showed the True Parents' history of Chung Pyung providence from 1970 until now interested many members and some shared their grateful testimonies about the Holy Ground Pilgrimage for the Inheritance of Heavenly Fortune.
