Mrs. Reiko Mickler has been cooking professionally for over 30 years, both Oriental and Western style food, but her specialty is Sushi. On this evening, Reiko-San will be teaching us the history of Sushi, a world famous dish from her native Japan, and she will be giving a class on how you can make delicious Sushi at home. Besides our regular refreshments, you'll get a chance to taste her out-of-this-world Sushi. If you are not convinced that you can make your own Sushi at home for that special party or family meal after watching her class, then just contact her at 845-264-2762 and she will be happy to make for you a variety of wonderful Sushi Platters at very reasonable prices.
