June 4, 1962 72 Couples Holy Marriage Blessing Is Held

True Parents held the second major Holy Marriage Blessing Ceremony after the original 36 Couples Holy Marriage Blessing Ceremony on June 4, 1962. They blessed in marriage 72 couples. Providentially, these 72 couples are understood to represent Cain and Abel's restored families in relationship to the 36 couples who represent the original ancestors. They also correspond to Jesus' 72 disciples. According to True Father, "Through the unity of the 72 couples representing Cain and Abel with the 36 couples representing Adam and Eve, all providential requirements for the family have been met, and the restoration of the family has been completed." The way was opened for expansion of the providence beyond the family.

Chairman Seung Ryong Moon, True Father's second cousin and a continuous companion of True Father's during his youth, ascended on June 4, 2012. Chairman Moon caught eels with True Father in pools near their hometown and accompanied True Father to school in Jeongju. He later attended high school with True Father in Seoul. Separated from True Father during the Korean War, Chairman Moon discovered him in Seoul during the mid-1950s and joined the Unification Church. He was blessed as one of the 36 couples and served as factory chief and chairman of Unification industrial enterprises. He was appointed national messiah to Burundi in 1996 and finally settled in the Geomundo Islands off the southern coast of the Korean Peninsula, following True Father's

direction. On his ascension, True Father wrote, "Congratulations on your Seonghwa and entry into the heavenly nation, blood brother of heavenly heart Chairman Seung Ryong Moon."

June 6, 1944 D-Day Landing in Europe

The Normandy landings (code-named Operation Neptune) were the landing operations on Tuesday, June 6, 1944 (termed D-Day) of the Allied invasion of Normandy during World War II. The largest seaborne invasion in history, the operation began the liberation of German-occupied northwestern Europe from Nazi control and contributed to the Allied victory on the Western Front. The amphibious landings were preceded by extensive aerial and naval bombardment and an airborne assault of 24,000 American, British, and Canadian troops shortly after midnight. Allied infantry and armored divisions began landing on the coast of France at 6:30 a.m. The men landed under heavy fire from gun emplacements overlooking the beaches, and the shore was mined and covered with obstacles such as wooden stakes, metal tripods, and barbed wire, making the work of the beach-clearing teams difficult and dangerous. However, the operation gained a foothold which the Allies gradually expanded over the coming months. German casualties on D-Day were around 1,000 men. Allied casualties were at least 10,000, with 4,414 confirmed dead.

True Father referred to D-Day at several points in his ministry. In his Madison Square Garden speech of September 18, 1974, "The New Future of Christianity," he said: "God has only been able to engage in 'guerrilla warfare' against Satan, not total war. However, God has been preparing for one great day, a heavenly 'D-Day' — like the D-Day of the Normandy landing — when God can launch an all-out offensive. That day is the day of the return of Christ." The Unification movement subsequently referred to Foundation Day 2013 as the day on which the heavenly D-Day was fulfilled.

True Father arrives in Pyongyang, North Korea

True Father went to Pyongyang, North Korea, in obedience to God's revelation that he "Go across the 38th parallel! Find the people of God who are in the North" (As a Peace-Loving Global Citizen, p. 84). True Father, who was then 26, had set out to pick up rice and was concerned for his wife and his first son, who was born only a month earlier, when he received this revelation. True Father has said, "God's commands are very serious, and they must be followed without reservation or hesitation." He took nothing with him except his Bible. Christianity had set down its roots deeply in Pyongyang, and it was known as "the Jerusalem of the East." However, it was then under communist occupation and more than a million refugees already had fled to the South. Upon arrival, True Father began his ministry in the North.

First Sunhak Peace Prize Award Recipients Selected

The Sunhak Peace Prize Committee, headed by Chairman Il-Shik Hong, former secretary general of Korea University, announced the first Sunhak Peace Prize recipients at a press conference for domestic and foreign journalists at the National Press Club in Washington, D.C., on June 8, 2015. The recipients were Anote Tong and Dr. Modadugu Vijay Gupta. Anote Tong at the time was the president of the Republic of Kiribati, a small Pacific island nation made up of 33 coral islands, which sustains a population of one hundred thousand people. With a very low average altitude of 2 meters above sea level, its islands gradually are being submerged by the rise in sea levels caused by recent years of global warming, and it faces the tragic fate of having its entire nation submerged by 2050. President Tong has been raising awareness about his homeland's critical situation, promoting awareness in the global community on the gravity of climate change, and for this he has been highly praised. Dr. Modadugu Vijay Gupta is known as the "saint for poor people" for helping to quell starvation throughout Southeast Asian nations by developing revolutionary fish farming technology. As a biologist, his methods were responsible for an explosive increase in the number of fish through improving the breeding species of cultivated fish. The Sunhak Peace Prize, a "peace prize for future generations," was created by True Mother to commemorate the work of True Father. The prize will be awarded to an individual or organization that has made significant contributions toward the peace and welfare of future generations. Recipients of the award will receive one million U.S. dollars.

Building A-frame Churches

The work of building a-frame churches across South Korea started with the first shovel of earth in the city of Shintanjin on June 10, 1974. The 82.6-square-meter A-frame church was designed by Oem Deok Moon, who was True Father's school friend in Japan. A team was organized for the construction, and 188 churches of this shape were built around the nation. True Father said that a building "should be a beautiful sight," and at the time it had such an innovative form that it drew the attention of the people. Now, even 40 years later, some of these churches still remain.

True Mother Bestows Heavenly Scriptures

True Mother and 1,000 Unificationists attended a joint event to celebrate the 60th anniversary of the founding of Family Federation for World Peace and Unification (FFWPU) and the publication of a new edition of the Cheon Seong Gyeong and Pyeong Hwa Gyeong at the Chung Pyung Training Center in Gapyeong, Korea, on June 10, 2013. As reported by Mr. Seok Byeong Kim, chairman of Seong Hwa Publications, "The existing Cheon Seong Gyeong had some misquoted and duplicated parts, which True Mother was sad to see." The new edition corrected this and added speeches of True Father and True Mother from the 2000s. The Publication Committee followed strict guidelines in the publication process, which included planning, research, and selecting speeches, editing, supervision, verification and publication. True Mother described the 60 years of True Father's work as "precious jewelry." She reminded all present "to think about the seven billion people and make sure they are reborn as Cheon Il Guk citizens" and to "set today as a day of determination and invest all your energy to saving all of humankind centered on the precious words that God gave us."
