A 7 Week Virtual Study of "The Mother of Peace"

Dear,

I'm excited to personally invite you to *Wholehearted*, a 7-week virtual journey designed for women like you—women ready to connect with their true selves and live more authentically. Inspired by the memoir *Mother of Peace* by Dr. Hak Ja Han Moon, this course offers thoughtful readings, heartfelt discussions, and practical activities to help you tap into your strengths and navigate life's challenges with confidence.

As women, we often give so much to others, but *Wholehearted* is a space just for you—to pause, reflect, and reconnect with who you really are. It's a chance to join a community of like-minded women exploring what it means to live with purpose, power, and authenticity. Together, we'll peel back the layers to uncover the depth of our story as women.

Here's what past participants have shared:

- "My energy, power, and identity as a woman are larger than I ever thought, and my impact can be so much greater."
- "I learned to embrace both the masculine and feminine qualities of God and understand what it means to be made in God's image."
- "This experience helped me embrace a motherly image of God and finally feel connected to it."

If you're ready to unlock your fullest potential and live from the heart, I'd love for you to join us on this journey.

Even better, why not invite a friend to join you? Sharing this experience with someone close can make it even more meaningful and create opportunities for deep connection and growth together.
