

Truly Loving Relationships: Towards Strengthening Families

Denneze Nelson
March 23, 2015

Presentation by Mr. Gerry Servito

One of the focuses of WFWP USA is the area of Marriage and Family. The New Jersey Chapters decided that, as a starting point, we would have a Valentine's Day event and highlight building truly loving relationships. Our new city chapters worked together to make this a very lovely and enjoyable day for all in attendance. We invited couples and those preparing to be couples to gather and hear Rev. Gerry Servito speak on what a truly loving relationship is.

It turned out that Valentine's Day this year in New Jersey was a cold deep-freeze day, and it had snowed the previous day. However our members and guests braved the cold and overcame the snow and freezing cold to attend the event. There were young ladies, women, husbands and wives, and guests in attendance. The heart and beauty with which Rev. Servito spoke, brought the spirit of Father Moon's words on the "Four Realms of Heart" to life. It was so beautiful and life changing for all of us who attended.

The fellowship hall in the venue was beautifully decorated by our Elizabeth City Chapter ladies for lunch. Several women worked to provide the delicious Valentine's Day meal designed to invoke a romantic atmosphere. Chairwoman Denneze Nelson sang a beautiful song. It was unanimous that we use this forum often and work together to bring lots more people to attend.

There was one criticism of the event: advertise more and have the event on a monthly basis. Participants shared a wonderful Valentine's Day lunch meant to invoke the romantic. Special thanks to all who helped make this happen.

Gerry Servito and his wife
