Hello Everyone!

During this precious time of holidays and celebrations, there is nothing better than to start the year with a new determination! So after a successful Foundations leadership program hosted by the HJ Youth Academy. We are very excited to invite you to the HJ Winter Workshop.

The online workshop will take place from December 27th until December 31st, 2021, so make sure to reserve those dates! The concept is to have sessions each afternoon from 6 pm - 8:30 pm (CET) and a special new year reflection on the 31st. This WS is catered to young adult (16+) participants from our movement. Now more than ever, we are challenged on an everyday basis to find our own motivation and strength. Since this WS is taking place at the end of the year, a time of reflection and redetermination, the theme of this workshop is Heavenly and Earthly Phoenixes. Phoenixes are commonly associated with rebirth, so for this workshop, we want to focus on how we can regain and rebuild our faith and standards for the coming year. We want to take this time to reflect on the previous year and to start the new year with a bang and full of energy. We are both spiritual (heavenly) and physical (earthly) beings making this "rebirth" a significant change in both our spiritual life and physical well-being.

You can look forward to topics such as deepening your relationship with God, working on your Mind and Body Unity, finding your purpose, etc. There will also be space to get in touch with your yearly goals and reflect on your life mission statement. Besides the lectures we want to prepare team discussions, group activities, Q and A sessions, and so on.

We believe that through this workshop will be online, we will still be able to connect in our hearts! If you are as excited about this as we are, We will have a great WS!

So, see you there! More info will be coming soon. Until then, take care and stay healthy!
