It Was God Who Saved Him!

Listen, my son, accept what I say, and the years of your life will be many. *Proverbs 4:10*

You must understand what hell is. Hell is the place where vertical true love and horizontal true love cannot be found anywhere. There is no trace of it... The most hellish place on earth is where no trace of vertical and horizontal true love can be found. **SMM, Wake Up, America! June 12, 1988**

Hello,

Hyung Jin Nim started his sermon by discussing how Trump will go back to Butler PA where he was nearly assassinated to have another rally. He is single-handedly showing Western men how to be brave again. If not, radical Islam and Godless progressivism will take over.

He showed videos of Trump truck rallies in Grand Rapids and in Charlotte NC, where they gathered to tell the President, "the world is standing with you!" a lot of press attention. Like a big party. People were "maga-tised!"

The Cult leader rap had 800,000 views, but the view count was not shown.

The UK's [The Sun newspaper did a story on Grand Rapids Trump rally](#) which included an interview with the 2nd King mentioning True Father in the death camp. He did 5 different interviews. The new album called MAGA Kingdom will be released on August 14. President Trump is now literally a King Bullethead. The word "King" means ruler.

The opening ceremony of the French Olympics showed an LGBTQ version of the Last Supper mocking of Christianity. That was followed by an energy blackout of Paris except for a Cathedral that many see as God's judgment. We see a global cult of power and debauchery, with a symbolic liturgy followed by a blood sacrifice, of animals or little children.

We should not ask God to be on our side. We should be on God's side.

Hyung Jin Nim then read from the passage starting at Ephesians 6:11 "put on the whole armor of God" passage. Paul was in prison when he wrote this, encouraging the faithful.

He spoke about Tucker Carlson's interview with singer John Rich who spoke about the Scofield Bible teaching the pre-Trib doctrine about the rapture of faithful Christians before the tribulation. Matt 24:30-31 compares the tribulation to the days of Noah when the faithless were taken away and the faithful, Noah's family of eight, remained on the earth.

Satan likes to invert, like the upside down cross. The Olympics shows men with beards in women's clothing and a blue smurf man representing Dionysus. Mockery of the Last Supper. The more illegal and violent things they do, the closer and stronger they become. You will get debauchery and paganism. Homosexuality is not modern, it's ancient.

Even the fitness guru Jillian Michaels, who is gay, wrote ""We demand tolerance and respect but then make a mockery of something sacred for over 2 billion Christians. This type of hypocrisy and lack of understanding is a bad look. We get outraged when the extreme right bashes us, but then we do this s---. What kind of reaction do you think they will have towards the LGBTQ+ community after this. This is NOT how we break down barriers, it's how you build them."

Hak Ja Han said that the age of teaching Divine Principle is over. She doesn't even bother to mention True Father's name.

The western world is breaking down, and becoming atomized. Relativism claims there can be no absolute truth claims, but that is in itself a truth claim. People think I can make up my own truth. That's just a quick excuse to fornicate and be licentious. Dumb fools, you will destroy your body and relationships.

If you homeschool, you are gaining 30,000 hours with your children from the public school system.

God saved President Trump's life. He is fighting against the Deep State, and for his life. He will be going back to Butler, to honor the firefighter who died.

He praised Shin Joon Nim's new video on indemnity conditions. The governor of Tennessee has designated whole month of July to prayer and fasting. He then led us in contemplative prayer.

May God bless you and your families!
