Donald Trump's Prophetic Turn to the Right

Therefore, since we have been justified by faith, we have peace with God through our Lord Jesus Christ. Through him we have also obtained access by faith into this grace in which we stand, and we rejoice in hope of the glory of God. Not only that, but we rejoice in our sufferings, knowing that suffering produces endurance, and endurance produces character, and character produces hope, and hope does not put us to shame, because God's love has been poured into our hearts through the Holy Spirit who has been given to us. For while we were still weak, at the right time Christ died for the ungodly. For one will scarcely die for a righteous person - though perhaps for a good person one would dare

even to die - but God shows his love for us in that while we were still sinners, Christ died for us. **Romans 5:1-8**

No word of complaint can be spoken. To complain is the fastest way to bring yourself down into hell. Satan's most effective tool is seen in complaints. I have many reasons to complain if I chose to do so. I found out a long time ago that nothing can be gained by complaining so I have never complained, even when God was very cruel to me. I have always been thankful because if God was cruel it was actually a manifestation of His love. God tested me in an extraordinary way, wanting me to pass the test so He could give a special, extraordinary love. Therefore, you must even live as though today were your final day. **SMM, Core of Unification, October 9, 1977**

Hello,

Those of us who gathered on Sunday watched a video recorded the day before by Hyung Jin Nim at the Butler, PA fairgrounds. This was outside the venue for the Trump Rally, where President Trump returned to speak at the site of the 1st assassination attempt. He was joined by J.D. Vance, Elon Musk and others.

Hyung Jin Nim read from Romans 5 which speaks about rejoicing in tribulations leading to patience to endurance to hope. In the end, evil cannot win. The Holy Spirit is working here on earth and Jesus/True

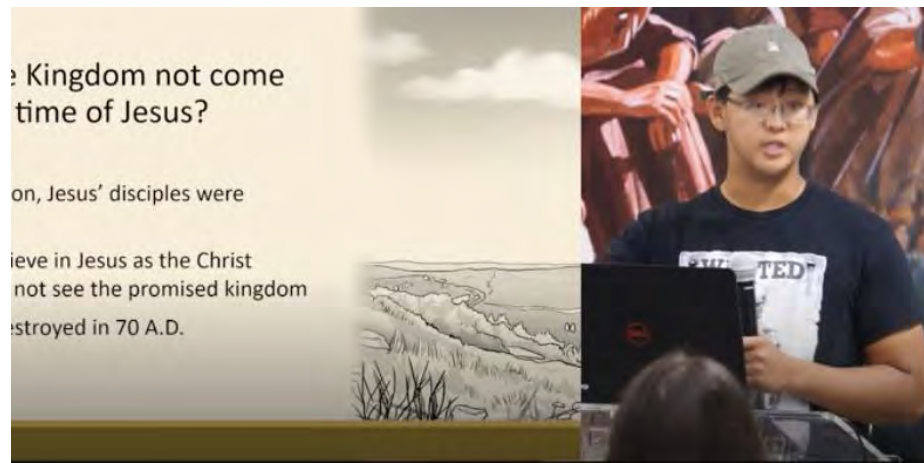

Father reigns in the spirit world.

In western North Carolina, which was devastated by hurricane Helene, FEMA didn't show up for one week. Private citizens were turned away from helping. [Gen. Flynn explains that thousands have died.](#) Government is taking ownership of private lands through eminent domain. FEMA says it does not have sufficient funds to bring relief for the next hurricane. Meanwhile FEMA is paying billions for illegal

migrants to be transported and housed in hotels around the nation.

Communism is political satanism. We are living in perilous times. The Butler, PA fairgrounds is the site of the 1st assassination attempt. It took huge courage on the part of Trump, and the tens of thousands who showed here to come, since there are still assassination teams ready to commit murderous actions. Remember Jehovah Sabaoth, the Lord who is commander of holy armies in the spirit world.

As it says in 2 Timothy 1:17, "for God gave us a spirit not of fear, but of power and love and self-control." We stand with Christ. All 13 colonies at their founding required that citizens to affirm faith in Christ. Our founders prayed to God. The USA is the only nation that acknowledged God the Creator at its founding.

God anointed Trump as the Macro Christian King. His right turn was a resurrection turn for America. If America falls, the entire world will fall. As it says in Matthew 10:28, "do not fear those who kill the body but cannot kill the soul. Rather fear him who can destroy both soul and body in hell."

Donald Trump's Prophetic Turn to the Right

by Kyle Toffey, Newfoundland Sanctuary Pastor

Hyung Jin Nim was talking about the assassination attempt on Trump at Butler when I had an inspiration. I was listening to him as the words of his rap songs still rang in my head that were played consistently as my wife and I attended yesterday's rally. The image of the Trump's miraculous move as the bullet passed by was clear in my mind.

What I felt was that Trump's near miss was not just God saving his life for the sake of His Providence. It was also an allegory for this election and the future of America. It became clear to me that even a small shift to the right can change the history of everything. There might be some pain and blood, maybe some people may get hurt, however just as that little movement to the right changed everything, so might the world change with a slight nudge to the right. And just as Trump's brush with disaster has energized millions and given us hope, we might be able to dodge a bullet and see a great awakening in America and the world at this time.
