Take up YOUR CROSS and Follow Me!

As for you, you meant evil against me, but God meant it for good, to bring it about that many people should be kept alive, as they are today. Genesis 50:20

God's standard is: true love first, then "me" and "mine."; but Satan's standard is "me and mine" first.

SMM, In Search Of Our Home, July 11, 1982

Hello,

Hyung Jin Nim started the sermon by saying, "we traveled 30,000 miles since 7/18 putting hedges of protection around President Trump. The Micro and Macro were united. Because of the miraculous hand of God, we won. We were so close to losing our nation to tyranny!"

More than 1,500 Americans who demonstrated at the U.S. Capitol on January 6, 2021 against election fraud in the 2020 election were charged with crimes. Hundreds were put into prison while waiting for trial, without bail. Before the election the Department of Justice said they would start to charge those who never entered the U.S. Capitol. We were next in line to be arrested! The

He discussed the Dec. 21. The "Car plows into crowd" headline obscures the fact that it was driven by a human being who had an evil intent. In this case it was driven by a Saudi national who wanted to kill Christians. Islam is not a race, it's a religious belief system. Europe is in big trouble.

In the UK, police authorities they deem to be inciting hatred or "online violence."

These problems arise from the massive migration of Muslims into Europe are the result of needless wars in the Middle East and open borders. It really is a clash of civilizations.

In Arizona, on December 19. Those who mention his race were accused of racism, but they are the ones who want to promote race tribalism. Hyung Jin Nim responded that the real problem is the abandonment of Jesus Christ, who is the ultimate exemplar of God's sacrificial love. An innocent man who was rejected and executed, God's presence on earth, who poured out his blood for all of us. The greatest "combat vet" on earth.

The Bible warns that the world will hate you for following Christ. Each of us must take up our own cross. It does not teach hatred for rich people- Elon Musk bought Twitter and saved free speech in America. X warriors put pressure to block the 1,500 page "porculous" bill, which included, which destroyed and suppressed evidence.

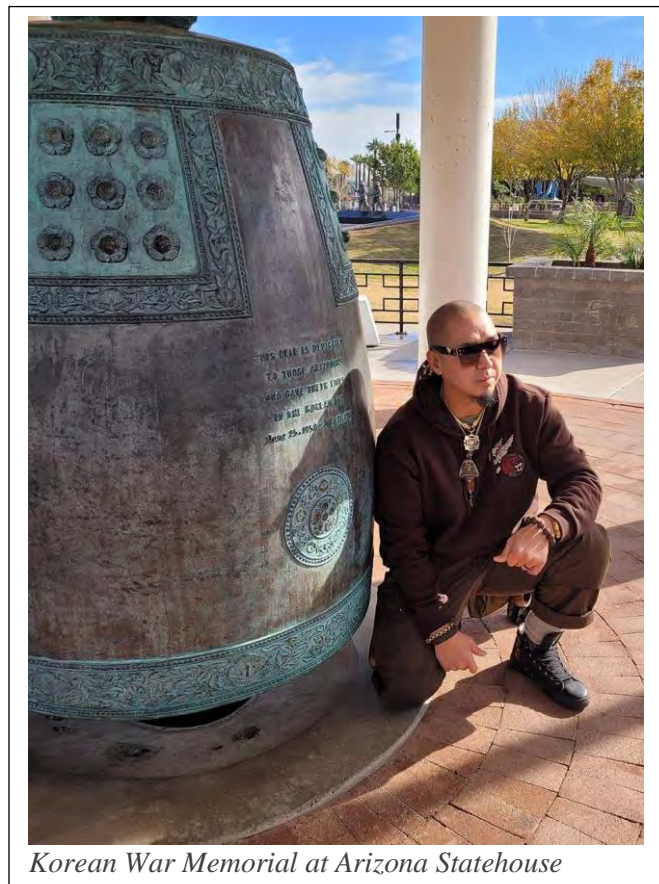

Some of our people were visited by the FBI. John Clarke told them, "get a court order!" The takeover and cheating apparatus was in place, ready to be unleashed if Trump was defeated this time.

Since the summer we drove 50K miles to the Trump rallies before the election and the 7 battleground states afterwards. At great personal cost 300-plus Japanese brothers and sisters came to America. We

were ready to go to the gulag or die in a gun fight to resist tyranny. We cannot twist the Father's arm. All we could do was beg and plead for one more chance for this nation. By the grace of God, Father gave us a chance.

62% of Christians voted in the 2024. Since most voted for Donald Trump, their support was essential, but that also means nearly 4 in 10 Christians didn't vote. We see more young men embracing Catholicism and Orthodox Church, which have strong traditions and rituals, but historically when they were controlling nations led to suppression of free speech. True Father is reshaping Christianity.

Shinjoon Nim is ready to debate leading Christians on YouTube whether Jesus came to die.

We can't witness in Russia or Iran, which do not protect religious freedoms. In centuries past, religious dissenters were called heretics. They were subject to torture, imprisonment or even execution. We will never do that because of the Cheon Il Guk Constitution. The endpoint of Christianity is not fascism, it's liberty. It is the mission and responsibility of the messiah's lineage is to defend constitutional freedoms against human passions.

Huyeon means training. Father taught mind-body training. He was always training in the jungle or on the ocean, and required his children to join him during the summer breaks from school. As a teenager Hyung Jin Nim hated this, but now he understands its value. They left each morning at 5am and returned at 9pm. That was the schedule every day. He and his brothers liked to wack on the alligators to relieve the boredom.

During his 70-80s, even though True Father was a billionaire, he lived in a tent in a jungle for months. It was dangerous to walk around at night, with jaguars prowling, ready to eat children. There are anaconda

snakes that eat cows. But for Father, it was easier than Heungnam prison, where he survived in sub-zero conditions.

Hyung Jin Nim then discussed a book written by another death camp prisoner in Heungnam, who was not a church member. It included a chapter about the "saint of the prison camp," who received tortures, electrocutions, but never collapsed. That was True Father. In *Today's World* there are testimonies by co-prisoners at Danbury about Father, who was always smiling, willing to talk and reading the Bible.

In John 3:16, it says that God so loved the world... (not worldliness). Military guys like to joke about race. Since they have faced real evil and violence, they don't complain about micro-aggressions. Many transgenders want to monetize victimhood. Many girls tend to sympathize with such people, but it's all part of Satan's culture.

God sent his anointed heir to the Abel-type White House in Mar a Lago. To speak a prayer of anointing and blessing as part of his rap.

May God bless you and your families!

Sincerely,

Richard
