

No Retirement Allowed Under God

We Didn't Die; We Survived and Prospered!

"He says, 'Be still, and know that I am God; I will be exalted among the nations, I will be exalted in the earth.'" **Psalm 46:10**

The spirit world consists of three stages. Those who lived more for others will go to a higher level in the spirit world. For those who lived for themselves, the opposite world will unfold. There are also three stages there. Those already there will object, saying: "Huh! We don't want people like you!" Everyone rejects egoists and welcomes altruists. Among those who go to the spirit world after living on earth, the altruists take the top places. This is especially so for those who apply themselves in, say, forty countries and live for others with the heart that they would have toward their mother and family, and with the heart of a saint to save the people of the world from evil.

That is why I think this way: "As a man, I am the commander-in-chief of the filial sons, patriots and saints of the historical eras. Although everyone else who had the name of God's son failed, I was born as a victorious son." Only one thing will enable you to say that. What is it? It is simple: absolute altruism. Only those who give and forget, who do things for others and forget, can digest that world.

*Know clearly whether you belong to the group that will go to heaven or the one that will go to hell. These words are not ones I have just thought up. They come from someone who knows the spirit world well. No one can avoid death. You cannot avoid death. Egoists go to hell, and altruists go to heaven. These two worlds become separated at death. Hello,

Hyung Jin Nim started his sermon by speaking about his upcoming trip to Geneva, Moscow, and Taiwan. Pray for the downfall of the Chinese Communist Party. True Father predicted the downfall of the Soviet Union after 70 years, and few believed him. The Berlin Wall fell in 1989 (72 years after 1917), and the Soviet Union dissolved in 1991 (74 years later).

We were pleading for the forgiveness of America and with the re-election of President Trump, God had mercy on the USA. We could have invested in a new church building, but instead devoted our efforts and resources to the larger purpose. Give God the glory!

Trump has been ravaging the Deep State and the Globalist system, which includes the CCP. For the first time, creation of the Inspector General position, just like the Cheon Il Guk constitution. Don't worship your political leaders. Be brave against those in power when they are shown to be corrupt. The tide is turning. President Milei saved Argentina. The ADP party gained in Germany.

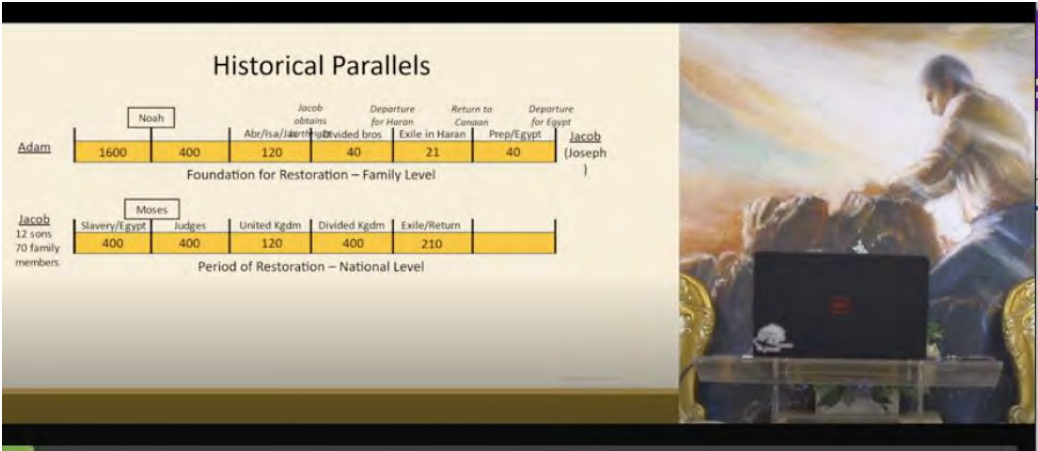

We should not relax our vigilance. We must have a missionary heart. We will do Ohk Mansei physical training. The older you get, the more you must do weight training! There is no retirement under God! We should die tired, doing God's work until the end.

The CCP has been making the chemicals used in fentanyl that are spread by the drug cartels into the U.S. Trump is weakening China through taking action against their partners in Mexico. China must be liberated so that citizens have liberty and the right to self-defense.

The *Colorblind* song is appearing on Amazon this week. We were on the radio in Florida. NewsMax played it, as did Real America's Voice.

Christians had to endure being called a cannibal cult for more than 3 centuries. Through the *King Bullethead* music outreach we can shorten the time of persecution. The power of the leftist media to smear is declining.

Come into praise with gratitude. With the Cheon Il Guk Ok Mansei chant, there is the power of praising God's ideal of creation. Satan will distract us from training. Praise God and the ideal of creation. God created through His word. You can't see a word, but it represents His realm of heart. Kenosis means emptying yourself. Rebuke negative, anxiety-filled spirits. There were so many miraculous healings when we led those services in Korea. a woman with lymphatic cancer in the neck. She fell over on the floor. When she checked at the doctor, it was all gone.

He then led us in a meditation on images of True Father's victory over torture and death. We are broken but healed by God's love through Christ. Become stronger. Father would go to the most dangerous places, to the frontlines of the battles. He went to Jerusalem during the 2nd Intifada in 2000. He would take people to the Amazon jungle or to Alaska. His children thought he just liked fishing, but no one who just likes fishing does it to that level of intensity.

On desktop you can also download the Itunes app from the microsoft store [click here](#) once the app is downloaded it's the same as a mac go into the itunes store and in the search bar type *Colorblind the marine rapper.

Father pushed us but gave us epic lives. We thought we would die, but we survived and prospered! Father was resurrected in the North Korean torture camps. That spiritual power lives within me. We start with repentance and forgiveness of sins. Start with gratitude.

The 1st Generation started by working 20 hours per day, then that was reduced to 12 hours per day. Hyung Jin Nim will ask missionary groups to come for weeks at a time to Taiwan.

High rates of the children of missionaries leave the faith. That is why we emphasize date training for married couples and time with your children. That makes God happy. He honored the sacrifice of the 1st Gen.

Communicate with people where they are at. As stated in Luke 24:44-47, the message of forgiveness of sins must be shared in ALL nations. Reflect on the love of Jesus/Father to give love over and over, even until death. That is the heart of the Father. The Greek word "metanoia" means turning away from the things that God hates.

The King's Report: What is TRUE LOVE?

We need to change to a more healthy diet, and we should train at least once a week. Create a love field of fellowship with neighbors training together. Live the Cheon Il Guk (Kingdom of God) lifestyle!

Many who came to *Rod of Iron Freedom Festival* saw that it was not just about nice-sounding speeches but also our lifestyle. Marriages need love and respect. But don't make your women weak demonesses. The love of the Father sometimes includes chastisement.
