The Challenge of Building a New Culture

The Lord is my shepherd; I shall not want. He makes me lie down in green pastures. He leads me beside still waters. He restores my soul. He leads me in paths of righteousness for his name's sake. Even though I walk through the valley of the shadow of death, I will fear no evil, for you are with me; your rod and your staff, they comfort me. You prepare a table before me in the presence of my enemies; you anoint my head with oil; my cup overflows. Surely goodness and mercy shall follow me all the days of my life, and I shall dwell in the house of the Lord forever.  
*Psalm 23*

You have to be able people, able to fulfill responsibility which you cannot imagine today in public office and government. You have to educate yourself; I don't mean education from an institution, but inheriting the tradition. If America falters then it is not just the end of America, but of many other nations who have placed their hope in America. They will all be washed away with America. But if America is successful then they will all follow America. **SMM, The Strictest Test You Must Pass Is Meeting the Qualification to Be a Real Parent, February 11, 1980**

Hello,

In Sunday's service, in a prerecorded message, Hyung Jin Nim spoke from a park in Taipei where hundreds of local residents, old and young, were practicing Tai Chi. He explained that most of them follow Taoism or the "Way" which views the cause as an impersonal force, but modern science has proved that an intelligent God is the necessary cause of the universe.

The finetuning of the universe is akin to dozens of "dials" set to a precise value. Math is a language. The laws of the universe are organized and coordinated information that is productive. There is nothing "happenstance." The world around us is the result of mathematics, which are the expression of a super-intelligent mind.

He then spoke about the Jericho Marches that he and Yeonah Nim conducted in Moscow and Geneva, where the organizations that imposed the COVID death jab, including the World Health Organization and the World Economic Forum, are located.

In the Adam and Eve account in Genesis, we see that God gave His children ownership and authority. Asian culture does not understand this. We plan to preach the completed Testament gospel of spiritual AND physical salvation. Yesterday, they gathered to pray for the downfall of the Chinese Communist Party (CCP). They also did some strong PPPM (Peace Police Peace Militia) physical training.

He then read from Psalm 23, which starts with "The Lord is My Shepherd. I shall not want..." True Father did not go where he wanted to go. He went to the harshest places in the world, to Alaska, to the Amazon jungles.

90% of Christians have children who do not keep their parents' faith. That is why we need to invest in our marriages and children. Make those engaged in a debauched lifestyle jealous! Build a strong community of faith. That starts with hearing the word of God, which builds up our faith. True Father also showed the way of the "friendship culture." Said to his grandchildren, "yes, you can be Grandpa's friend."

As we get to know God, we also learn how sinful we are. We are liars, stealers, lusts, etc. That is why repentance is so important.

Hyung Jin Nim wears a necklace of True Father's 596 number in the death camp. After severe torture leading to his death, he was raised back to life. Father showed us that faith is not just something to wear as an accessory but rather a way to give our whole lives. In Matthew 10 Jesus told us how to pray, "thy will be done. Use us for your Kingdom!"

He then shared observations about Taiwan, where the beginnings of the gay marriage movement can be observed. In the USA, we see the results, the promotion of mental illness, such as a [woman who identifies as a turtle](#).

King's Report: Fundamentals of the Blessing

The woke progressives are pushing the boundaries against God, such as "you can change your gender, even your species," in order to advance the strategy of divide and conquer. It leads to a population that can be controlled, to more mental illness and children mutilating themselves, and to children having legal rights to have sex.

Tremendous evil is rooted in sexual sin. It transmits a satanic system rooted in the fornication culture. Ghosts from the past relationships that come to haunt you and creates "soul ties" that cause divided attachments. Hyung Jin Nim and Yeonah Nim waited until their marriage and are now glorifying the culture of purity and loyalty.

It's important to discipline both the mind and the body. Do the training and then you'll feel good about having done that!
