The point is this: whoever sows sparingly will also reap sparingly, and whoever sows bountifully will also reap bountifully. Each one must give as he has decided in his heart, not reluctantly or under compulsion, for God loves a cheerful giver. And God is able to make all grace abound to you, so that having all sufficiency in all things at all times, you may abound in every good work. As it is written, "He has distributed freely, he has given to the poor; his righteousness endures forever." **2 Cor 9:6-9**

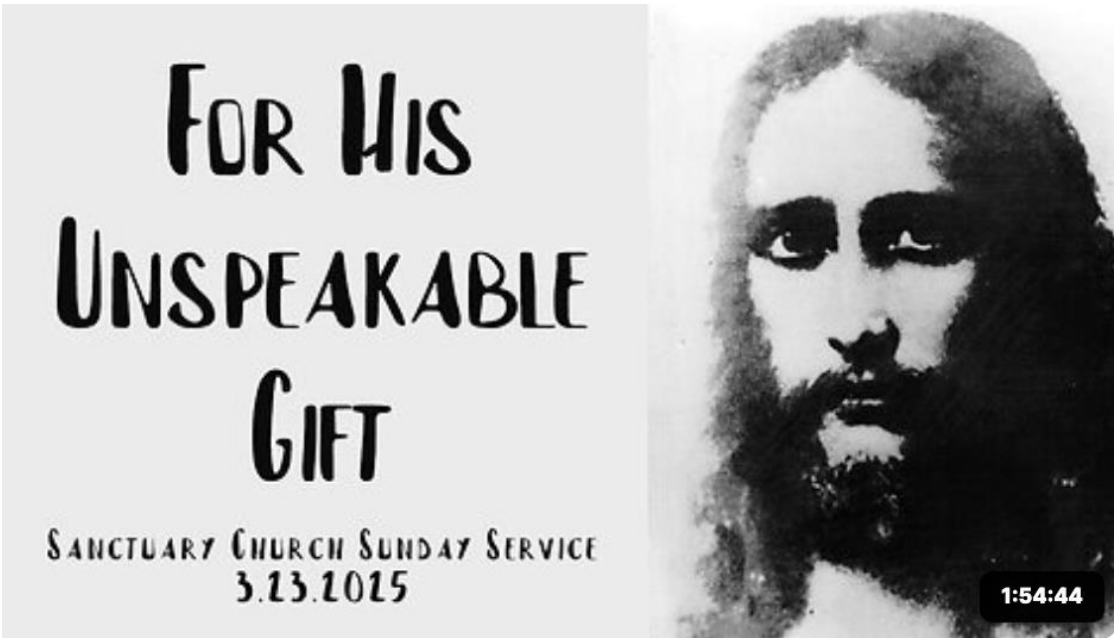

I want you to understand that love is not yours; it belongs to God. Love is truly God's property. When you are in love with your husband or wife, don't ever think that it is just between the two of you. When you embrace each other, also remember that you are embracing God and you are sharing God's love.

**SMM, Wake Up, America! June 12, 1988**

Hello,  
  
Hyung Jin Nim started the service in Tennessee by joking he was speaking so much Chinese in Taiwan, he's having trouble to speak English again!  
  
Earlier this month Sanctuarians held a big MAGA hat gathering in front of the UN building in Geneva, the seat of Satan's power. He was recording a video in front of the World Economic Forum (WEF) building and was asked to leave.

Yes, it's regrettable that Russia arrested 400 for speech, but consider that the UK government arrested 3,000 for speaking forbidden ideas, including one man who was convicted for praying silently 50 meters away from an abortion clinic. Young people have been brainwashed to think that Europe is more advanced, but it is a failing system.

There has been a delay to release Epstein files, because it would expose many intelligence agencies. There is a real danger of the assassination of Trump and Elon Musk. We have prayed since 2018 for Trump's protection. Then in 2024, he almost was. The JFK files show the CIA knew about the threats to JFK. International agencies also knew. Did they allow him to be assassinated? Or were they involved? Are we an occupied nation?

The Deep State is evil. It is willing to blow things up, to assassinate, to do whatever is needed to keep power. We need to help in the U.S. midterm elections in 2026. The Dems are trying to flip PA and WI, which could give them control of the House of Representatives.

Why are they burning up Tesla cars? Now it's okay to blow up EVs. We should pray in front of a Tesla dealership for the protection of Elon Musk.

We have to set the conditions to protect God-given freedoms. It is the small group that changes the larger group. In Korea, we had just a small group of 2 dozen Sanctuarians waving American flags and now millions do the same. It led to a cultural shift. It's important to connect with larger groups. We should show up with red hats and Christian flags. Otherwise, there is no unified symbol. Put out the "Batman signal!"

The red hat is the symbol of resistance against Leftists. Trump stopped USAID funding Leftist organizations and transgender causes. The Left co-opted the red color which represents the blood of Jesus and patriots who shed their blood. Red has to be reclaimed.

He told brothers and sisters in Europe to stand with the winner, Trump, who is the world president. Wake up! Your nations are being taken over! Poland and Hungary are standing up with President Trump and

against the European Union (EU).

Trump is slowing China through tariffs, stopping wars, and attacking the drug cartels colluding with China. [Five years ago, in Hong Kong our SC brother stood up with a sign of "China needs the 2nd A".](#) Unfortunately the leaders of that freedom movement were all arrested or executed.

**King's Report: Fundamentals of the Blessing**

God did not give us Communism. He gave us freedom. Hyung Jin Nim spent 10 days in Taiwan. Only 4% in that country are Christian compared with Korea (30%). In Japan they killed Christians who were seen as a threat to the Emperor.

Mr. Lai, the president of Taiwan, has a nationwide influence. Most Taiwanese join the early morning tradition of exercising every morning.

60% of children of ministers believe in Jesus, which means that 40% struggle with or have left the faith. It's a question of where we invest our time and money. It is important to invest in marriage and family. Not just in education and career. The love of money leads to destruction. Hyung Jin Nim and Yeonah Nim gave funds to their children to build a home for their marriage and family.

Taiwan has syncretized, polytheistic, pagan beliefs, often a mix of Taoism and Buddhism. There are shrines to the red-faced god of war with many dragons on the temple roof. They look like flying vermin or pigeons that should be shot down.

It is harder to penetrate monotheistic cultures like Islam, where they kill infidels and apostates. There is more opportunity to share the gospel in syncretist cultures. We should also share VOC and Godism. Theology leads to --> Culture --> Politics. The Hindu caste system is a result of the theology that teaches that the gods are the cause of the caste system.

If you have atheism and evolutionist beliefs that leads to --> hedonism --> homosexuality and pedophilia. And a cult of power not serving the people. Our goal is a Christian republic – whose core values are freedom, sovereignty and responsibility, not Christo-Fascism. The blessing of prosperity and the victory of the West are now returning back to the East. He looks forward to evangelizing in China.
