Your Mission--If You Choose to Accept It!

"To the one who conquers I will grant to eat of the tree of life, which is in the paradise of God." **Revelation 2:7**

Once you have God dwelling in your heart, you realize that it is more precious than anything under the sun, more than the nation and the whole world. No matter if a whole nation comes against you, it will not stop you... I am armed and toughened by the love of God and whatever difficulty comes doesn't bother me; I can move forward and go beyond it.

One thing is true; if you are truly a slave of the love of God then you are the happiest person under the sun. That has been my own goal... I want to be the number one slave of God's love. **Sun Myung Moon, The Will of God and Thanksgiving, February, 12, 1978**

Hello,

Newfoundland pastor Kyle Toffey started his sermon by talking about some amazing things that have been happening. Planned Parenthood and NPR (National Public Radio) aka National Propaganda Radio have been defunded!

America can't be great unless it is Godly. It can't be Godly unless it protects the children. A [pedophile ring in Alabama was arrested in Alabama](#), with victims as young as three years old. One step in the right direction, with many more needed.

Still there are dangers of wars, mass stabbing attacks, etc. Many Christians are expecting Jesus to come down on the clouds and the rapture, but, despite verses like 1 Corinthians 15:52, we haven't seen a heavenly city coming down from the skies.

Hyung Jin Nim said he cannot see too far into the future. Instead, he focuses on the next step to take.

Jesus' birth was unknown to most, but his life has changed the world.

True Father had an important impact in many areas. For instance, Rush Limbaugh and Alex Jones constantly referred to The Washington Times, which was the major source of alternative news for decades. The Unification Movement educated thousands of Christian ministers about the sexual nature of the fall and man's portion of responsibility.

50+ HOURS EXHAUSTING GIANT PIECE (Queen helped me lots with color coordination)!

This piece depicts the holy birth of True Father where his mother had the dream with the two white Imperial dragons coming down from Heaven as a sign and harbinger of the Returning Lord, Maitreya Buddha, Mahdi, The Righteous One, being born.

The coming of the Kingdom is not supernatural, but *ultra-natural*, based on our taking responsibility to build a world based on a heavenly constitution and culture.

As stated in Revelation 2:7, "To the one who conquers I will grant to eat of the tree of life, which is in the paradise of God." As explained in the Exposition of the Divine Principle, section 3, The history of the Providence of Restoration and I, each of us is called to be victorious through taking responsibility.

Kyle thanked the 2nd King and his elder brother for standing up to uphold Father's words and legacy, when FFWPU leaders refused to do so.

We should appreciate the world changing lives of Jesus and True Father, but there is still much work to be done. After Jesus' passing, things were not clear for his disciples. Neither for us after Father's passing. We

are the central figures of God's providence.

TKR- Change of Blood Lineage Part 8

As described in page 375 of Cheon Seong Gyeong and Christianity in Crisis (published in 1973), in the 1970s Father instructed us to go and we went! It was an inspiring, exciting time!

Many of us felt the same excitement coming to Sanctuary Church and working with and being trained by the 2nd King. In Father's Final Prayer, given on August 12, 2012, he prayed: "Tribal messiahs have established a name that can represent the nation."

We are those "tribal messiahs" and the central figures of this age.

May God bless you and your families!
