Revivals that Preceded World Events

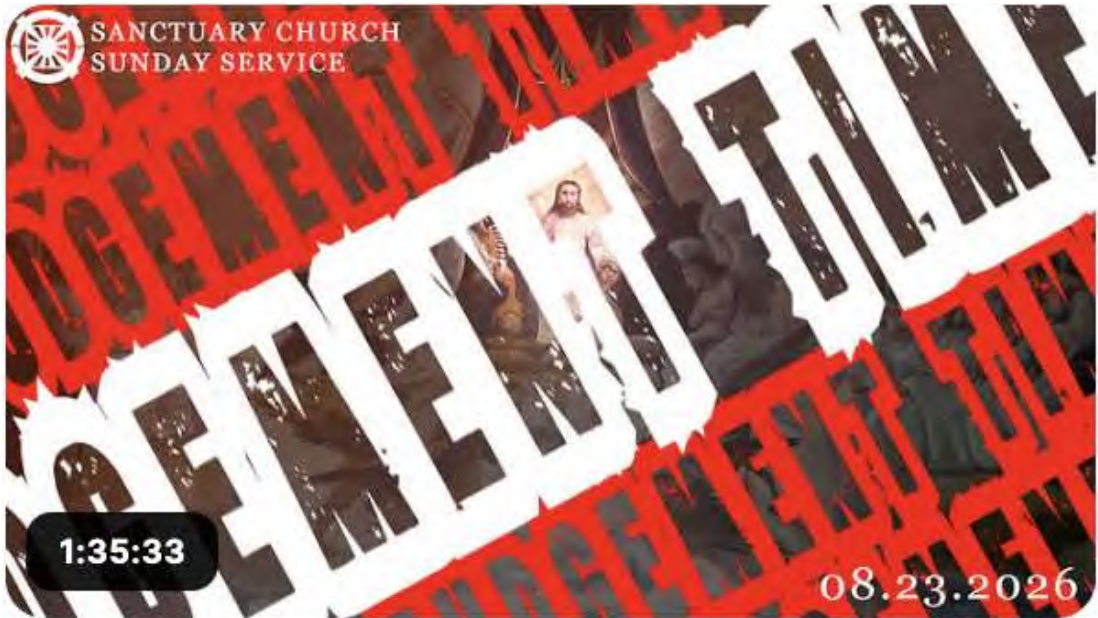

I have spoken, and I will bring it to pass; I have purposed, and I will do it.
Isaiah 46:11

"Even though fallen mankind lives in darkness all men are destined to go to God. ... If in that miserable state you find a little twinkling light then you have hope." "Where is the light? ... That light shines in the place where this kind of true man and true woman have true love between them and that is where all mankind is destined to go." "You have to love the people more than you love me and more than you love anybody you are close to. That's the standard." SMM, "Let Us March Forward to Our Heavenly Father," Belvedere, NY, Nov. 13, 1977

Hello,

In his message from Taiwan, Hyung Jin Nim explained that America is under threat, but we must never forget our training, prayer, fasting, etc. He critiqued the scholastic worldview of the St. Thomas Aquinas where study is emphasized, which leads to embracing the doctrine of predestination. The rational mind cannot access the mind of the Creator.

The ancient view is that we must have experience with Christ, with the uncreated light of God. We cannot communicate with his essence. Ancient Christianity taught how to give us an experience of his uncreated energy (energia) through His grace. We cannot even access the essence of another human being. We are

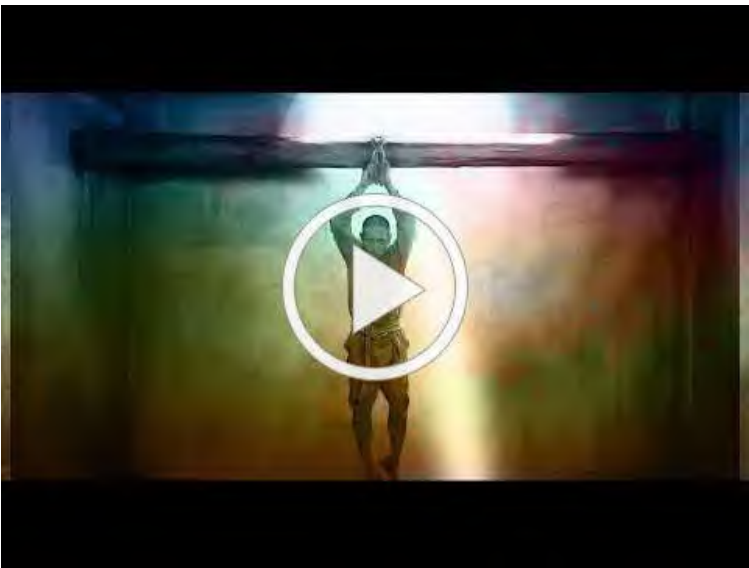

able to access by grace His energy and go on a journey with God. Saul encountered His uncreated [Taboric light](#) on the way to Damascus. They are His activities, not his essence.

The 2nd King went on to discuss different threats to world peace. Islam, the leftist Gay movement and Jewish "supremacists" are great threats to the world. Iran is making a mockery of the U.S. If Israel does not obey True Father, they will decline. Candace Owens is the "Black Mama saving America," seeking the truth about the killing of Charlie Kirk. Yes, she said stupid things about True Father and the Unification Church.

All religions have banned usury with excessive interest rates. In the Judaic system, you can charge interest when making loans to non-Jews. Hyung Jin Nim blames boomers (aged in their 60s and 70s) for putting America into debt and for getting us into endless wars. He is concerned about the U.S. military partnership with Israel.

Newfoundland Sanctuary pastor Kyle Toffey started his sermon by noting that as the 2nd King is saying, it is judgment time. As stated in Isaiah "I have spoken and I will bring it to pass. I have purposed and I will do it."

The Lord does not come to destroy the world and to send people to hell. The messiah is the Son of God and at the same time he is the Parent of humanity. A parent looking at a sick son or daughter doesn't say "go to hell." And would want to do anything to save the child, whatever the cost.

Restoration and Coming of Christ by Alan Feldsott

Judgment is coming to the world and to ourselves. The Old Testament tells the story of Israel being blessed and then judged by God. This pattern repeated many times. We know that Jacob was blessed, but he went through a difficult 21-year course with his deceitful Uncle Laban. God was trying to raise him up.

To the pharisees who were condemning the woman accused of adultery, Jesus said "you who are without this sin, cast the first stone." All of the accusers walked away.

Jesus did not curse the people on the cross. He experienced not just physical pain, but also intense heartistic pain. As he prophesied, the early Christians had to undergo a suffering course.

America has been blessed by God, created to be a prototype of His Kingdom. The founding documents say that all people have equal value. What makes America special. Compared with many other countries, many Americans are engaged in high levels of volunteerism.

This is the 250th anniversary of our country. We need a revival in America. There have several revivals in our history that affected major events that followed. In the early 1700s a revival before the Revolution. In the early 1800s a revival before the Civil War.

There was a 4th great revival in the 1960s and 1970s. The evangelist Billy Graham spoke to millions. The Jesus Movement. The Moonies, including major large events at Madison Square Garden (1974), Yankee Stadium (1976), Washington Monument (1976).

True Father's Life, Part One

Before his assassination, Charlie Kirk preached about God and the responsibility for faithful Christians to engage in politics. He was killed, but his message continues. Young men increasingly returning to church. The Rod of Iron Freedom Festival, which started 8 years ago, is a revival of freedom, faith and family.

A prophet is a spokesperson for God who gives warnings and call for repentance, with a mission to educate. Each of us can fulfill a prophetic mission because through the Divine Principle understanding of Biblical and modern history we know the heart of God.

The Unification Sanctuary in the U.S.A. has just launched a new website called 2ndADVENT.org which discusses the transformative life, teachings and accomplishments of Rev. Sun Myung Moon. The site also includes prophecies and testimonies of early disciples. Looking forward to hearing your response!

May God bless you and your families!

Sincerely,

Richard
