UTS LIFELONG LEARNING

Ministry Training Online

Relevant To Your Challenges, Responsive To Your Input

In line with Rev. In Jin Moon's leadership, Lovin' Life Ministries and seminary leaders are building courses to strengthen ministry in the local church through UTS' Continuing Education Unit courses (CEUs).

These five-session courses are:

- Online, convenient
- Free of degree-based entry requirements
- Designed for individual and small group study
- Practical and useful for pastors, small group leaders, educators and counsellors
- Cost-effective

What students said about the first UTS online CEU course, The Next Generation of Unification Ministry:

- "The videos were easy to listen to, and helped me 'get' a more complete picture of what Inspire / Empower / Connect / Contribute / Inherit means."
- "It was like a virtual small group experience for me. Since I live in a neighborhood where there are no church members nearby, I appreciated this opportunity all the more."
- "The contents of this course are critical if Unification church is to continue into the next generation and beyond."
- "As part of a tribal messiah couple I feel a little better equipped to do small group ministry based on the five purposes."
- "I enjoyed the course - very helpful- made me think - clarified concepts - gave me leads on new things to think about and research."

Winter Term Courses SIGN UP NOW Winter Term Courses
