### Barrytown College IS coming

Richard Panzer  
April 2, 2012

Greetings! ,

More than 14 years ago, True Father spoke about creating an undergraduate college at UTS in Barrytown and prayed on the shores of the Hudson River many times for the future leaders who would be educated there.

Thanks to the strong leadership of our national pastor, Rev. In Jin Moon, and her deep concern to embrace our second generation and guide them to aim for excellence, this dream of a Unificationist college in Barrytown is rushing towards fulfillment, with a scheduled opening in the Fall of THIS YEAR.

The New York Education Department is reviewing our proposal to offer an **accredited Bachelor of Arts degree**. [Barrytown College on the Hudson](#) will offer **rigorous academic study in a spiritually enriching environment**, a place where students can dive into their interests and passions, and discover their own unique abilities to serve the world.

The main building in Barrytown is in the process of receiving a long-overdue "makeover," with a new entrance to the campus, which will be a new visitor's center added to the East Wing near the soccer field, new pathways linking the East and West wings, and numerous other changes.

The Bachelor of Arts degree will feature a **Leadership and Management concentration for all students**, a **student orientation that emphasizes healthy relationships and marriage preparation**, a **World Religions and Philosophy major**, with core courses in "The Examined Life," "Great Minds of East and West," and minors in **Media Arts, Business and Human Development/Family Studies**. Based on the level of student interest and approval by the New York Education Department, these minors will be **expanded into Majors by the 3rd year**. We will also establish partnerships with nearby colleges offering majors not offered at Barrytown College.

Students at Barrytown College will participate in a wide range of extracurricular projects: clubs and organizations, athletics, internships, advocacy projects, study abroad, work study, service learning projects, and a Capstone Project which culminates in the student's senior year, which can serve as a launching pad for a future career, or advanced studies.

The costs to attend Barrytown College will be those of a lower priced private college, **\$24,000 tuition and \$8,600 for room, board and fees**. Second generation who are accepted will be awarded a **\$12,000 scholarship**, and a refund if they have made an initial deposit at another college. **Federal loans, work study and grants, which average \$15,500 for students from low and middle income families**, will also be available.

*Barrytown College on the Hudson* will be a place to learn how to apply your faith to real life. A place to make deep friendships that will last a lifetime. To become the man or woman that God meant you to be.

Sincerely,

Richard

Richard Panzer, Ph.D., President  
Unification Theological Seminary
