The Problem of God Himself

Richard A. Panzer November 28, 2016 World Peace and Unification Sanctuary - USA

You will be delivered up even by parents and brothers and kinsmen and friends, and some of you they will put to death; you will be hated by all for my name's sake. But not a hair of your head will perish. By your endurance you will gain your lives. Luke 21: 16-19

Today, America is plagued with problems: racism, juvenile delinquency, and immorality. Christianity is declining. Communism is rising. The menace of Communism is everywhere. Of all these problems, atheistic

Communism is the worst. Is it not just America's problem; it is the problem of religious people, it is the problem of God Himself.

America And God's Will,

United States Bicentennial Speech given by Reverend Sun Myung Moon, September 18, 1976

Greetings!,

The Divine Principle explains how, when a providential failure occurs, there is a repetition to allow that mistake to be restored. Given the failure of America's leaders to understand and work with the Lord of the Second Advent, as well as the disobedience within the Unification Movement to his will after his passing on to the spiritual world, we shouldn't be surprised that America, and the world, are facing the same struggles as when Rev. Moon's public ministry began in the U.S. in the 1970s and 1980s.

The Kingdom is Nigh - November 27, 2016

Father made enormous efforts to awaken the American people to their nation's providential mission and responsibility, launching the Victory Over Communism/CAUSA movement to alert them to the ideological threat posed by Marxist ideology and the need to reaffirm America's commitment to God and to global freedom and responsibility. He invested more than a billion dollars in a newspaper whose main purpose was to wake up the American people about these issues.

Anti-"Racism" Demonstrators at U. of Texas

Fast forward 40 years to the Sanctuary's Sunday Service on "The Kingdom is Nigh." It is not an exaggeration to say that the bold spirit of Sun Myung Moon was present. Hyung Jin Nim started out by

discussing how the very founding of America by the Pilgrims at Plymouth Rock involved the same struggle between socialism vs. free enterprise, with the Governor William Bradford finally choosing the latter. An important lesson of history obscured by the <u>story of Thanksgiving told by government-controlled schools</u> that most Americans have attended.

Anti-"Racism" Demonstrators in Austin, TX

Anti-"Racism" demonstrators in Austin wear red scarves emblazoned with a hammer and sickle and bearing weapons chant about killing police officers. Both of the rights of free speech and to bear arms would not be permitted in the Communist utopia they long for. But the color of blood is appropriate since Communism was responsible for the deaths of an estimated 100 million human beings.

Once he takes office, President-elect Donald Trump has the responsibility to "clean the swamp" of corruption, not through exercising retaliation or vengeance, but through making sure that investigations of corruption and the due process of law are not buried. These include allegations of child sex abuse by elites in the U.S., Great Britain and other nations. Leftism is political Satanism, with no respect for the lives of unborn children, for freedom of speech, for natural marriage, for the right to bear arms, for the right to own property, and other natural human rights.

Demolition of Ilhwa Factory Building

Corruption on the national and world levels are paralleled in the microcosm. As the demolition of the Kuri Holy Ground continues, Family Federation members in that community not unsurprisingly are defecting to the Unification Sanctuary, where the anointed son seeks to honor the sacred ground where the returning Messiah invested his blood, sweat and tears. Even though many buildings have already been demolished, there is still time to sign the "Preserve Kuri Holy Ground" petition that may help town officials to protect the training center from being destroyed.
