*Jesus said to them, "Have you never read in the Scriptures: "The stone the builders rejected has become the cornerstone; the Lord has done this, and it is marvelous in our eyes"? "Therefore I tell you that the kingdom of God will be taken away from you and given to a people who will produce its fruit. Anyone who falls on this stone will be broken to pieces; anyone on whom it falls will be crushed." When the chief priests and the Pharisees heard Jesus' parables, they knew he was talking about them.*

*Matt 21:42-45*

*What will the Messiah do when he comes? He comes as the commander, who for the first time in history, will lead the battle to regain the sovereignty, territory, and citizenry of a nation and, on that basis, take back the world of God's creation. This is the mission of the Messiah.*

*In subjugating Satan, it is not enough just to defeat a nation. Since Satan also has global sovereignty, we must strip him of that global sovereignty as well. Only then will the realm of liberation unfold on this earth. CSG 197*

Dear

In Sunday's Service, Hyung Jin Nim explained how despite obstacles placed by Youtube for the broadcast of the CIG Book of Life Registration Blessing on 2.28 on our regular Sanctuary Newfoundland channel, we were able to successfully broadcast on another youtube channel. The elitists who work for Google/Youtube are persecuting what is probably the most diverse community in Northeast Pennsylvania!

He showed worldwide news coverage of Blessing event, not just from the U.S. and South Korea, but also the UK, France, Germany, Switzerland, Denmark, China and many other countries. Many of the news broadcasts noted that the event was conducted peacefully.

God works in mysterious ways when you are united with the True Father, the King of Kings! The liberal media that intended to shame and discredit the Unification Sanctuary actually helped to spread information about our gospel worldwide. News is spreading worldwide by the power of God. People are contacting us and asking to participate.

Kingdom of the Rod of Iron 7 - March 4, 2018 - Rev. Hyung Jin Moon - Unification Sanctuary, Newfoundland PA

To a large extent, the One World Government already exists. It certainly doesn't want to see average citizens armed, but as the American founders reportedly stated, "When government fears the people, there is liberty. When the people fear the government, there is tyranny."

The Leftists in Korea did not cover a demonstration last year in Seoul by conservatives and many Christians totaling 1.5 million! These Leftists control the vast majority of the media. They control the education system and government as well.

In the Book of Revelation, Jesus himself says that at his return he will rule with the rod of iron. One thousand years of peace will be based on rule of the rod of iron.

Many traditional churches believe there will be no evil or sin, violence or crime, but how does that jibe with free will? When average citizens have the means to self-defense it is harder for the elites whose policies align with political Satanism to impose their anti-Christian dogma on everyone.

President Trump is talking about federal legislation to allow the taking of guns first from people alleged to be unstable or violent, with due process later. This is completely contradictory to the 2nd Amendment. Is this just a negotiating tactic? He urged brothers and sisters to contact the White House to express their views.

Use of firearms by legal owners saves far more lives than they cost.

The Guns in America study by the CDC National Safety Council found that [1.5 million lives are saved each year by legal owners of firearms](#). Though seldom reported by the Mainstream Media, guns are used 1.5 million times each year in the U.S.A. for self-defense. Less than 8% of the time a citizen will kill or wound his/her attacker. [This study was conducted by anti-gun researchers Kleck and Gertz](#) who concluded that law-abiding citizens are more competent than police in not hitting an innocent person.

Every year 200,000 women successfully use a gun every year to defend themselves against sexual abuse.

- Concealed carry laws help reduce crime. The homicide rate in Florida fell 52% after a concealed carry law was enacted.
- Kennesaw, GA required heads of households to own a firearm. Home invasions dropped by 89%.
- Higher criminal home invasion rates are found in gun-control countries such as Great Britain and in Canada than in the U.S. Criminals may be evil, but they are not stupid. (Source: [Fact Sheet: Guns Save Lives](#))
