*"You shall not misuse the name of the Lord your God, for the Lord will not hold anyone guiltless who misuses his name." Exodus 20:7*

*One way to bring Satan's side to surrender is through armed conflict. However, at the conclusion of the conflict, there should come an ideal world in which all humanity can rejoice together. This can never be built merely by defeating enemies in battle. Afterward, they must be brought to submission internally, that everyone may be reconciled and rejoice sincerely from the bottom of their hearts. Exposition of Divine Principle, p. 376.*

Dear

On the 52nd True God's Day, the Unification Sanctuary celebrated the first day of the Festival of Grace. Dr. Paul Williams, best-selling author of *The Killing of Uncle Sam*, gave a riveting talk about the shockingly rapid decline of the Catholic Church and the reasons for that. We must not abandon biblical standards, as his church did.

### Dr. Paul Williams "Resist the Spirit of the Age" Presentation

Hyung Jin Nim followed with a moving talk about how True Father exposed the nature of the Fall and how it is no accident that these persist in the present day. Now is the time for Christians to confront such evils, but many settle for "diet-cola" Christianity. The Bible lists 5 crowns that sincere Christians should aspire to in order to inherit the Kingship of Christ. Heavenly Father is calling us to step up.

### Hyung Jin Moon 2/5/19 Festival "Brave Christians" Talk

In the following presentation given on February 3, I discussed the Bible's view on the moral use of force, beginning with Cain's murder of Abel through the book of Exodus up until the New Testament. The lessons apply to the present day.

In the following "One Minute Rhema," Hyung Jin Moon summarizes the philosophy of Rod of Iron Ministries: We must confront evil, but not become it. We must not replace a tyranny with another tyranny, but with an "Abel-type" revolution.
