In the thirty-eighth year of Asa king of Judah, Ahab the son of Omri became king over Israel; and Ahab the son of Omri reigned over Israel in Samaria twenty-two years. Now Ahab the son of Omri did evil in the sight of the Lord, more than all who were before him. And it came to pass, as though it had been a trivial thing for him to walk in the sins of Jeroboam the son of Nebat, that he took as wife Jezebel the daughter of Ethbaal, king of the Sidonians; and he went and served Baal and worshiped him. Then he set up an altar for Baal in the temple of Baal, which he had built in Samaria. And Ahab made a wooden image. Ahab did more to provoke the Lord God of Israel to anger than all the kings of Israel who were before him. 1 Kings 16:29-33

This year's motto is: "Defense of the Unified Front." I feel honored to come to the United States and welcome the New Year and God's Day.

Last year, the motto was "The Security of the Foundation of Unification." We worked hard for one year with this motto, and we have accomplished many things and received much blessing from God.

The democratic world is currently facing a very critical time. We know very well that it is threatened by communism. Not only the United States, but all of the democratic world -- Asia, Western Europe, all nations, organizations and churches -- are threatened by this ideology.

The free world is standing on the front line in order to carry out its external responsibility to defeat communism: However, if it becomes threatened and cannot fulfill its mission, those who bear the internal mission will have to fulfill the external one as well. In the democratic world, among the many religions, Christianity must be the choice to fulfill this internal mission.

But if we ask whether present-day Christians have a thought system capable of overcoming the communist system, and are devoting themselves fully to help society and world, the answer is disappointing. If established Christianity cannot fulfill this mission, then another religious movement must rise up which can. This is, of course, the Unification movement. We have a responsibility to shield Christianity and all religions from the threat of communism.

So far, the Unification Church has been developing foundations in order to help Christianity and the democratic world cope with the communist world. Looking at the present situation from God's point of view, this unified front is clearly the final front-line force upon which God can rely, on the world level. Therefore, we have to defend this unified front not just for the sake of any one church but in order to take responsibility for saving all of Christianity, religion, and the entire democratic world. This is why our motto this year is "Defense of the Unified Front."

Dear

In Sunday's service, Hyung Jin Nim spoke about King Ahab of northern Kingdom who started to worship Baal, and erected an altar to Baal, which involved child sacrifice, an abomination in God's sight. Ahab wanted to make an alliance with Assyria which worshipped [Ishtar with temple prostitution](#) that included adolescent girls. He was mesmerized by the glamour of its civilization. Like Hollywood agents that groom child actors to be sexually abused enabled by the parents' pursuit of fame and power for their children. Israel became a vassal state to Assyria and infected by its culture. His son, Hezekiah, had to spend 16 days to clean Israel's temple of Baal influence.

Buddhist monks who visualize internal organs of beautiful women to overcome sexual desire. Godly men can dominate their sexual desire. They want Godly wives, not self-centered "goddesses." Sisters should appreciate brothers who kept pure by overcoming their desires, but who may not be skilled in wooing skills.

The earth is not a goddess. It is a temporary training ground. The language of "Mother Earth" is not biblical. God seeks real women ready to give their lives for Christ, like True Mother Kang. This creates a healthy culture for children.

Family Fed's Embrace of Leftism- Part 2

There have been numerous enraged responses to my analysis of the [Hak Ja Han's speech](#) at the "Peace Starts with Me" rally in Los Angeles. Here are just two examples:

4/6/19 In Los Angeles, Hak Ja Han redefines the Fall

"It's too bad that Sanctuary Church is still spending its time taking pot-shots at everything wrong and ignorant in True Mother's group."

PC: "you're mostly jealous. ;) Hold your own ecumenical event, pack the hall, give the speech you prefer. I can tell you, the speech was very well received by thousands of Los Angelinos."

So here is my answer to "P.C."

Dear PC,

The fact that the "speech was very well received by thousands of Los Angelinos," is exactly what I am concerned about. In her speeches around the country, Hak Ja Han calls "greed," and by implication capitalism, the root of evil, even though [free enterprise has liberated more people from poverty than any government in history](#).

She denounces the ownership and use of guns and other weapons, even though guns and weapons in the hands of the South Korean and U.S. armies are what keep her own nation of South Korea free and prosperous rather than an impoverished, Communist hellhole.

That is why I don't see this as an issue of "name-calling." Her ideas are unprincipled and dangerous. [Socialist governments killed hundreds of millions of people in the last century](#), most of whom were disarmed through gun control laws that were enacted under the banner of "fighting crime" and "reducing violence."

Venezuelans demonstrating against Leftist Government

More recently, voting for a charismatic leftist who inveighed against "greed" didn't turn out so well for the people of Venezuela. Under the banner of fighting "violence" and "crime," Chavez, the "compassionate leader" of the socialist government, [banned the sale of firearms and ammo in 2012](#). The murder rate increased and Venezuelans were left defenseless against a government that runs roughshod over their civil liberties while destroying their economic livelihoods. Starving citizens live in fear of the constant threat of *colectivos*, Venezuela's bullying, paramilitary units who of course have- you guessed it- guns.

Following this leftist trend in the Unification Movement, the sad reality is that during the last decade significant numbers of both Family Fed leaders and members supported and voted for a president who:

- 1) in 2010 defunded ALL federally-funded programs in the U.S. and internationally that taught youth the benefits of delaying sex, ideally until marriage.
- 2) appointed judges who imposed an unconstitutional, non-biblical, un-principled definition of marriage and then unleashed the power of the federal government to bully and penalize Christians who sought to obey the teachings of their biblical faith;
- 3) in 2016 unleashed federal power to punish any school that did not allow boys unrestricted access to girl's bathrooms, locker rooms, dorm rooms, hotel rooms, showers and sports teams if they claim to identify as girls.

Government -enforced transgenderism promoted by the leading leftwing party in the U.S. is just the latest episode in the imposition of a post-Christian, gnostic religion on the population. Such policies mandate radical medical treatments for children who express feelings of alienation from their biological sex, even when their parents are opposed and even when medical professionals tell us that such feelings of gender confusion resolve naturally in 80% of cases by late adolescence.

It is apparent that in the last presidential election in 2016 significant numbers of both Family Fed leaders and members supported and voted for the leftist candidate who called for:

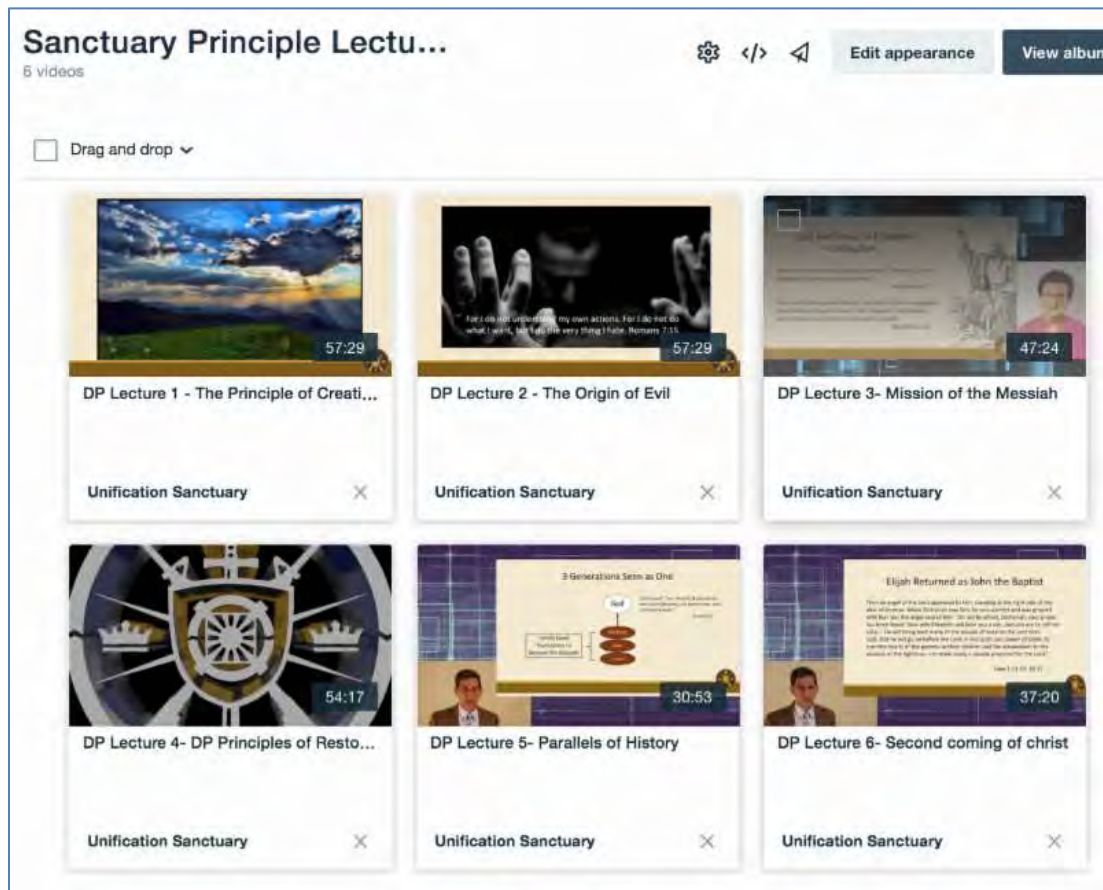

- 1) more government control of the energy industry to fight alleged global warming,
- 2) confiscation of semi-automatic firearms, effectively revoking the 2nd Amendment,
- 3) government takeover of the healthcare industry,
- 4) limitations on First Amendment freedoms of religion and freedom of speech, and
- 5) government funding of abortion even until the moment of birth.

If we truly care about creating a world where people can freely practice the 3 Blessings, we must recognize that all of these policies would endanger our human freedoms to do so. The husband who must not be named often spoke about the need to defend one's nation (see above). This nameless man was imprisoned and tortured by governments that did not respect a first or second amendment.

That Hak Ja Han openly spouts leftist propaganda in her speeches is just one more sign that she is NOT united with the husband who must not be named.

Even sadder is that I, who no longer accepts Hak Ja Han as a "true mother," has to write about these

issues. Surely there must be dozens, if not hundreds of her Family Fed supporters who understand very well that promoting feel-good leftist propaganda is a horrible path for the Unification Movement to take, but they all keep their mouths shut. How sad and pathetic.

Han Mother's Keynote Address at the "Peace Starts With Me" Blessing America Rally in Los Angeles, April 6, 2019

Dr. Hak Ja Han Moon's message entitled "The Mission of Christianity from the Viewpoint of God's Providence and the Responsibility of the United States" at the Peace Starts With Me Blessing America Rally on April 6, 2019, at the City of Refuge Church in Gardena, California.

Respected dignitaries, ladies and gentlemen, my beloved religious leaders, and all of you blessed families that have received the Marriage Blessing from True Parents, I welcome you all. Family Federation members from all around America, I am happy to meet you.

Today, we have gathered to realize the dream of Heavenly Parent and the desire of all humankind. Through receiving the Blessing from True Parents, the door by which you can stand in the position of true children in front of our Heavenly Parent has opened.

Today, I wish to speak to you on the topic, "The Mission of Christianity from the Viewpoint of God's Providence and the Responsibility of the United States."

Two thousand years ago, Jesus Christ came to earth as God's only begotten Son. Unfortunately, he could not complete everything, and as he went the way of the cross, he prophesied that he would come again. Afterward, through the resurrecting work of the Holy Spirit and the Apostles' work—as is recorded in the Bible—the Christian cultural sphere expanded.

However, in the early days of the church, Christianity received severe opposition and passed through unimaginable difficulties.

Then, in A.D. 313, Christianity was officially permitted by the Roman Empire. It expanded from the Italian Peninsula, through continental Europe to the British Isles. Then, from the United Kingdom, Christian missionaries went out to the world.

Unfortunately, they did not understand the essence of Jesus. They did not know about the principles through which our Creator, God, made this universe, nor that He had been guiding the providence.

In Jesus' teachings, it reads, "Love your neighbor as yourself." Unfortunately, these missionaries, who went out in the name of Christ, placed the interests of their nations and their own self-interest first. In other words, rather than a culture of giving love they established a culture of taking things away from others.

In the 17th century, King James translated the Bible, which was written in Hebrew, into English, and as a result, many ordinary citizens gained access to God's Word.

Up until now, because we failed to understand the essence of Christ, we have emphasized secularism and secular traditions even among religious believers, creating many mistakes.

For example, from the midst of the Christian sphere, communism emerged claiming God was dead. This is humanity's mistake.

At that time, regular believers did not wish to practice a secular faith. They wanted to worship God freely in their own homes. Out of that desire, they crossed an ocean and settled in a new continent. This is the genesis of today's America. However, even they could not understand Heaven's providence.

Originally, God created all things in heaven and the earth in His own image. He then created Adam and Eve, who were to become the first human ancestors. God gave human beings responsibility. During their period of growth, they had to grow to perfection in a position of maintaining absolute oneness with God.

However, during their period of growth, Adam and Eve became self-centered and allowed greed to consume them; that is the origin of today's fallen humanity. God, through our human ancestors, wished to become the Heavenly Parent of humanity, but Adam and Eve brought that dream to ruin.

But since our Creator, God, had created based on the principle of creation that the universe is eternal, God has had no choice but to go through the unwanted and painful providence of restoration through indemnity.

In the Bible, it is written that God chose the people of Israel and, in the position of indemnifying everything over a long period of 4,000 biblical years, they established a national-level foundation. God waited until that time and finally sent His only begotten Son Jesus and proclaimed, "This is My Beloved Son."

However, even Mary, the mother of Jesus, the family of Zachariah, the Jewish leaders and the people of Israel did not fulfill their responsibilities in relation to Jesus. Through Jesus, God wished to realize His dream. Jesus knows how painful it was for God to see, once again, such a sad and painful outcome.

That is why he said, "My Father, if it is possible, let this cup pass from Me. Yet not as I will, but as You will." [Matthew 26:39]

Once again humankind brought sadness to God that could not be atoned for. God had created a man and a woman in accordance with the principles of Creation. As Jesus went to the cross, he prophesied that he would come again. Today's Christians, however, say that they are saved by the blood Jesus shed on the cross. Do you know how far away this viewpoint is from Heaven's providence? Since God created us to be eternal, Jesus prophesied that He would come again to host the marriage supper of the Lamb. So for whom should Christianity be waiting today? Prior to waiting for the True Parents, they need to meet the only begotten Daughter, the person who is to become the True Mother.

We know very well about the tremendous indemnity the people of Israel had to endure throughout history because Jesus was crucified.

God raises central figures and nations but when they fail in their responsibilities, Heaven finds and establishes another chosen people. Just as you saw through the video today, the only begotten Daughter was born in 1943 in Korea.

Korea's situation was extremely difficult during that time. Righteous men and women wishing for the independence of Korea, notably Christian believers (when Christianity

had not yet even celebrated its centenary in Korea) and young students, rose up during the March 1 Independence Movement. This year marks its 100th anniversary.

The wish of all these students and Christian believers was for the protection of Korea. According to the principles of creation, God had to give the only begotten daughter a period of time through which she could reach maturity.

In 1945 Korea was liberated and in 1950 the Korean War broke out. At that time, Korea was powerless. It was divided into the communist North and the democratic South. South Korea at the time had embraced a democratic regime, but it took time for that system to fully develop. That is why, in 1950, when North Korean communist forces invaded South Korea, South Korea was unprepared for such an invasion. Like a miracle, Heaven sent sixteen UN member nations to come to protect democracy in the Republic of Korea.

In 1960, the time had come when I could decide by myself, and in that year I ascended to the position of a True Parent.

Fallen people yearn to return to God but they cannot go before God by themselves. This is because, due to the Fall, human beings were born into a lineage not connected to God, the fallen lineage of Satan. It is only through the Marriage Blessing of the unique True Parents that a change of lineage can take place and fallen human beings can be born again as God's children.

If key figures had understood the providence, Christianity would have become the foundation. At that time, filled with the spirit and the truth, the spirit of Christianity in Korea was stronger than in the rest of the world.

Since Korea was in such a difficult situation, more than ever, Koreans yearned for the Messiah. Because of such an earnest desire, Heaven sent our True Parents. Two thousand years ago, Jesus Christ had to go the way of the cross because the people of the nation where he was born did not recognize him.

Yet, True Parents' Marriage Blessings and the True Family Movement took root in an environment with Christian opposition and we have been continuing these around the world for almost fifty years.

The time has come! We can no longer hesitate. There are many problems arising all over the world that cannot be solved by human efforts and power. There are ethnic, religious, cultural and ideological walls.

In addition, due to human ignorance, we have created a lot of pollutants and caused pollution. If we consider this country alone, we can see that it has suffered many natural disasters due to global warming. Globally, throughout the nations of the world, many are dying.

We cannot sit idly by and watch. This world, which our Creator, God, created for us from the outset, is suffering and dying due to our ignorance. As God's true children, we cannot just sit by and observe this situation. Would you agree? [Yes.]

According to scientists, after 2030, there will be more plastic waste in the ocean than there will be fish. As blessed families that are aware of this, what should we do? We should attend God, the Lord of creation, live in accordance with the eternal principles of creation and find the right solution. Only then can we solve these problems.

It is true that we are living comfortable lives today due to humankind's development, especially thanks to the work of scientists. However, this convenient lifestyle is causing many problems. What I am saying is that we should live in line with the principles originally established by God.

Through the cycles of nature, everything is meant to last forever, but because people abuse the natural world, the balance of these cycles is disturbed and many problems arise. We, therefore, feel the limits of the resources we have for the benefit of all living things on earth.

Blessed couples who received the Blessing today, you would not want your beloved children to live in an even worse environment than today's. Isn't that so? We must find solutions to these problems before it is too late. This means that self-centeredness, and nations that place their national interests first, will ultimately not survive.

One way or another, we have to work together to get rid of pollution. We must combine our efforts and work in unity in order to do that. Many organizations around the world are deeply concerned about global environmental problems and future food security. However, they too also think of themselves first. The only answer and way forward are the blessed families, those who have received True Parents' Blessing.

Throughout history, there have been many cultural developments, but there have also been many difficulties. This is because there was no center. So, today... In particular, America is a nation that Heaven has blessed. God has sought to save the world through its Christian culture.

Originally, Native Americans were living in this country. However, God worked with the Puritans and blessed America to become the central democratic nation of the world within a short time of less than 200 years.

This blessing, however, is not for America itself. As I earlier said, with blessing from Heaven comes responsibility. Heaven blessed America so that America can embrace all of humanity.

However, the leader of this nation and leaders of other countries in the world are engaged in politics and actions that are centered on their own interests. Going this way means there is no hope for the future.

All of you here that have received the Blessing today, please fulfill your responsibilities as tribal messiahs, and all ministers of religion participating today please go to your places of worship and accomplish your responsibilities. We have to start a movement that will bring this country to attend our Heavenly Parent, our Creator God, even one day sooner.

This is the only way for America to fulfill its heavenly mission as a nation blessed by God. In this way, God's dream and humanity's yearning to see the heavenly kingdom of one family of humankind under God can be realized. Today is the blessed day of the realization of this dream.

The West Coast is Subregion 5 of the Family Federation in America. FFWPU has been divided into five areas. Now Subregion 5 is on fire! Am I right? [Yes!] Would you like to take this flame to the Midwest, and to the East Coast? Will you make this country a country that our Heavenly Parent loves and cherishes? [Yes!] Thank you very much. I trust your determination.

Around us, many unacceptable things are happening, things that people should never do. We must get wipe away all of these things!

On the path to a peaceful world, do we need guns and swords? On the path to a peaceful world, we do not need guns and other weapons. You all know very well, that as a result of these, innocent lives are taken every day.

We can no longer just watch these things happen. What should we do? Let us practice true love. This can only be achieved through the Blessing.
Bishops Noel Jones, I ask you: please keep this flame alive.
