Ask of Me, and I will surely give the nations as Your inheritance, and the very ends of the earth as Your possession. You shall break them with a rod of iron, You shall shatter them like earthenware.' "Now therefore, O kings, show discernment; Take warning, O judges of the earth. Worship the LORD with reverence and rejoice with trembling. Psalm 2:8-11

Absolute sex is important. What does that mean? People should have the feeling coming from the marrow of their bones that God for them is a Father of fathers; however they lived not knowing that He was suffering. Throughout historical ages they couldn't even imagine this. This is a mistake. So, how huge is our responsibility once we get to know this fact. Heaven and earth must unite; God should be able to play His role as Master and Father. Such a standard should be achieved.

This standard established by Heaven begins from the absolute sex. Isn't it our topic? You can simply say, "God's model for absoluteness, peace and the ideal is the family upholding absolute sexual morality." In the beginning there was only one God's family, not two. Family is centered on absolute sexual morality; if we don't go through the absolute sexual morality family will not come about. The word "absolute" implies that we unite everything, make overall settlement of accounts, and reach the highest peak. Even with this topic alone we can unify the world and solve its problems.

Absolute sexual morality advocated by God is only one and not two. Two persons should become absolutely one through pure love. No one can fulfill this by himself. Man and woman are two beings, so how can they become one absolute being? The basis for absolute family which is a model of absoluteness, peace and ideal is none else than sexual organs of man and woman. We cannot make a final solution to the fundamental issues of the universe without referring to sexual organs. That's how precious they are. You all - men and women - have them.

Things like free sex or homosexuality must be shattered into pieces, buried, extinguished in the world of heavenly law. People born in such a lineage are scary. But how do we return to the original state? Even God cannot return us to that state. God cannot do it, until the True Ancestor of humankind comes and returns people to the original state. Dear

If you're tired of hearing scripted speeches where the OBD lifts up herself instead of True Father Sun Myung Moon, I'd encourage you to watch Hyung Jin Nim's powerful 7 hour sermon where he spoke bluntly in the last 5 hours about Absolute Sex in a "no B.S." way that would be especially valuable for teens and young adults considering the Blessing.

At the beginning of the service Hyung Jin Nim spoke about an upcoming trip to Ricketts Glen State Park where there are 21 waterfalls. In the wilderness, you can feel God but also strive with the devil as Jesus did when he went to the wilderness. He showed a video of Yeonah Nim sky-diving. A test of faith. You have to trust in your parachute like the way the New Testament urges us to trust in Christ.

Through training we can gain dominion over our emotions. True Father sent him to do scuba diving with the sharks. While underwater he saw 6 white sharks. Heavenly Father wants us to have dominion over the earth, sky and oceans. We need to train not just for dojo, but also for life.

He spoke about his experiences growing up, getting in trouble in school for being a jokester and realizing the need for self-defense. How Martial Arts training protected him from getting involved with girls, and going in negative directions. It's a great reality check. Girls learn to appreciate strong men and how the culture has been lying to them.

Shinpal and Soyoung's Blessing on 8/16/2019

He showed a shocking video of a man in Europe brutalizing a woman and dragging her off to rape her. Another of woman trained in Jui Jitsu who was able to get away from a man with a knife attacking her. A third video of a woman walking alone on night, who was able to shoot a man who was attacking her. Such successful self-defense sends a message out to wolves that wickedness is not profitable. God gave judgment through that woman to stop evil from happening to her and to others.

Peace Police Peace Militia training is a tremendous gift to society. The presence of one prepared person changes the atmosphere. One learns how to embrace the injuries and pain. It wakes you up to reality.

When you get blessed you are the center of God's drama.

You don't need to stay in an imaginary fantasy world of TV dramas.

Sadly when he was growing up at East Garden, there was often a negative attitude about the Blessing with some of his siblings saying "I feel so sorry for you." But he looked forward to the blessing. He told Yeonah Nim "every year is going to be greater!" He was ready for the challenge and looking forward to being victorious, which made True Father so happy. It's very important for the husband to set that tone. It's important to study male and female differences. That is part of leadership in the family.

He shared about a teachable moment when he found a 5 year old Shinpal with a broken teapot. But Hyung Jin Nim chose to be calm and asked his son, "what do you think the consequence should be?" Immature parents become angry and traumatize their children. Shinpal learned that "more important that the tea pot is my daddy's love for me."

Korean moms are praised for being harsh with their sons, which can be devastating for boys who are constantly nagged or given silent disapproval. It's possible to teach consequences without being a tyrant. It's important not to vent. Instead learn to show an example of resolving problems in a mature way.

There should be electricity and attraction between the Mom and Dad. Do crazy things to make her laugh.

Answer your children when they have questions about how babies are made and show affection in front of them. If not your children will learn from others who do not value blessed marriage and promote free sex.

7th Anniversary of the Cosmic Seonghwa of the True Parent Sun Myung Moon 8/17/2019

He often got negative social pressure from FFWPU leaders about his interest in deadly martial arts, but True Father was enthused. Father even asked Yeonah Nim to do the "Mata Leon" choke hold on many leaders. Korean Mixed Martial Arts fighters were excited that Rev. Moon's son was doing MMA.

Control freak women were upset when Hyung Jin Nim and True Father brought dogs onto the table. When Father was young there was a dog he loved that greeted him when he walked to school. Later he found out that it had died and people in the village had eaten it. True Father never ate dog meat like other Koreans did.

In the end men have to choose not to be wolves and instead to become shepherds. The women problem destroyed King David and many other kings.

May God bless you and your families!

Sincerely,

Richard
