

Strategy Presentations Heavenly Korea: When One Meets the Substantial Holy Spirit, Dreams Come True

Young-bae Park

January 8, 2021

Regional group director of heavenly Korea's Sub-region 5

In the new year, pastors and their spouses, leaders and members of the heavenly nation of Gyeongsang, with the Beomnaetgol spirit, prayed together at the Rock of Tears to build a "healthy church full of the Holy Spirit and the truth." We tearfully prayed to create a movement for the revival of the essence of faith through dissemination of the Divine Principle and the inheritance and development of the works of the divine spirit, which are like the works of the cenacle, the biblical "upper room."

On January 27, 2021, the seventieth anniversary of Father's arrival in Busan during the Korean War, as jeongseong for the settlement of Heavenly Parent's Holy Community, a heavenly, unified Korea and the victory of Vision 2027, sixty-four churches heavenly Gyeongsang completed a 365-day relay vigil prayer, and leaders and members of the heavenly nation of Gyeongsang went on a holy ground pilgrimage to increase our empathy with True Parents' hearts.

After coming to the South, True Father passed through various towns and arrived at Choryang Station in Busan. We ruminated on the providential significance of the Busan course to newly establish the Christian foundation having been preparation for the foundation, after six thousand years, for True Father to meet God's only begotten daughter.

Our plan to revive Gyeongsang is to carry out the five core strategies to reach the settlement of a heavenly, unified world and to achieve the realization of Vision 2027, with the effectiveness of the crane-wing formation used by Admiral Sun-shin Yi (1545–1598), on the foundation of the Holy Spirit and the truth, which was the Beomnaetgol spirit on the seventieth anniversary of the Busan Arrival. The core value for restoring the nation is the spirit of that time, the Beomnaetgol spirit and the daffodil spirit.

First, in cooperation with UPF, we will establish a grassroots education system and a foundation for the unity of North Korea and South Korea. Second, we will increase witnessing and establish an environment for national restoration through distribution of True Mother's autobiography. Third, we will strengthen the church through successfully blessing engaged couples. Fourth, in cooperation with YSP, we will bequeath our traditions to young members, future leaders. In addition to these five core strategies, detailed tactics are being carried out, and we are fully investing ourselves into thinking beyond Vision 2022 and focusing as well on Vision 2027. With the spirit of daffodils, the flower of patience and victory, we will advance without ceasing and blossom as a daffodil garden.

Each regional leader will organize early morning Hoon Dok Hae by all members and offer a 120-day special jeongseong (February 15–June 14) for the victory of the heavenly nation of Gyeongsang Rally of Hope. We will build healthy churches, full of the Holy Spirit and the truth, and on that foundation, UPF will create the environment for restoration of the heavenly nation of Gyeongsang, and YSP will train future leaders that can move the nation.

When FFWPU (as our army) fulfills its responsibility for the settlement of three generations as a true family, UPF as our air force fulfills its responsibility of reviving the nation, and YSP as our marines fulfills its responsibility of training future leaders, we will complete the mission of substantializing the church, thereby making national revival possible.

On the foundation of the Holy Spirit and the truth, the heavenly nation of Gyeongsang will carry out the five core strategies for the settlement of a heavenly, unified world and the victory of Vision 2027 with the potent power of Admiral Yi's crane-wing formation. To revive the nation, we will bloom with the Beomnaetgol spirit and the daffodil spirit, which are the spirit of the times we are now living through. When a person meets a person, they might make history; when a person meets God, miracles occur; and when a person meets the substantial Holy Spirit, dreams come true.
