

WFWP Portugal's program Energy and our Ancestral Lineage in Lisbon, Portugal

July 12, 2016

WFWP Portugal facilitated a lecture on the theme 'Influences of our Family Tree on our Lives'. It took place on 12 July 2016 in the Embassy of Peace in Barcarena/Lisbon. This lecture was given by the Brazilian therapist Ines Rodrigues o Souza who was in Portugal on tour.

WFWP Portugal were delighted that she accepted our invitation to speak in spite of her busy schedule, and we had 24 people participating with great interest.

She explained how we are all influenced by our direct ancestral lineage and by the energy frequencies or magnetic waves which are passed down through our DNA.

Ms. Rodrigues was received with great expectation and addressed many issues and queries, including practical issues such as the origin of most diseases, financial needs, emotional problems as well as what we call 'bad luck'.

As an example, she also measured the frequency of the group of 24 people who were in attendance, using techniques like the Radionics Bureau and the Pendulum. She measured our frequencies before and after a 30 minute meditation, and the result showed dramatic improvements after balancing the energy.

Among the participants were people who already had some understanding of the techniques used but who wanted to deepen their knowledge, and requested that we organise a more detailed course with Ms. Rodrigues.

Ines Rodrigues is a Brazilian Holistic Therapist, a scholar and researcher in energy pathways for healing. She has made great discoveries and advancements in the area of rebalancing a person's energetic frequencies.

After this experimental and very fascinating presentation, Marta de Carvalho Rodrigues, addressed the guests on behalf of WFWP Portugal, and also Liberto Silva and Sergio Vieira representing UPF, they included a presentation about the life and work of our founders.

Over refreshments we then had the opportunity to ask Ines more questions which proved to be very popular.

It was a wonderful experience and we would like to thank all the participants and staff who helped to make this event so successful and enjoyable!
