

We launched a school program for Syrian refugees in Lebanon

Hermine Schellen

May 11, 2015

On May 11th we launched an 8 month school program for 55 children in the Refugee camp from age 5 years up to 14 years.

Two new tents were built for this, and 3 teachers hired.

Also we have established a cooperation with the biggest school at the nearest city.

Basically the children will be taught KG2 and Elementary class levels, based on material used in private schools in Lebanon. (It is better than public school.)

When we met the children today, we could see so many happy faces. "Al Hamdulillah"
