Sneak Peak: Catered Lunch at the Assembly

Proclamations

A number of government officials and representatives have expressed their support and admiration for the work that WFWP is doing. In preparation for the upcoming 22nd Anniversary National Assembly, they give thanks and acknowledge the efforts WFWP has made in the past 2 decades towards growing genuine and sustainable peace. Here are a few of the highlights of what they said:

"Your events throughout America enable women from diverse backgrounds to gain skills which can revitalize all our communities. As you attend this year's assembly in our nation's capital, we are sure that your efforts to learn to lead from the heart will bear fruit now and for many years to come."
~Michelle Mussman, IL State Representative

"Hempstead is a proud supporter of your mission, recognizing that it is only through the joint leadership of women and men that our world will ever be able to actualize its promise...your mission undergirds the security of all nations, and as such we further commend you for mentoring the next generation of budding leaders, both female and male."
~Wayne L. Hall, Sr., Mayor of Hempstead, NY

"At some point throughout the day, I hope you will take a moment to appreciate the impressive history you have built and rekindle the memories of past and present that has led you to this point. I wish you the best for a productive and meaningful assembly and may the WFWP USA enjoy many more years of continued success in carrying out your mission."
~Steny Hoyer, MD Congressman
