Holiday Membership Card and Letter

Angelika Selle
December 13, 2014

Dear Friends,

As this eventful year of 2014 is winding down, we here at Women's Federation for World Peace (WFWP) can see how much impact our women, mothers, and daughters were able to make in so many unique and creative ways. **We have advanced in the areas of healing, training young leaders, family education, service, and racial, cultural, and religious reconciliation.** This year alone we conducted 9 Bridge of Peace Ceremonies, 10 Schools of Africa Benefits, and 11 Love IQ Seminars/Webinars, among many other events across the nation.

This is indeed the era of women, where women play an essential role in bringing positive change. Focusing on our motto "Leading with the Logic of Love" we aspire to become peace advocates and leaders who act out of compassion, love, and service. Social ills are not dissolved by competing political agendas, but at the root, mending emotional relationships. We continue to manifest our vision day by day, through empowering women with knowledge, skills, and supportive community to discover their unique value and bring lasting peace.

As an invaluable unique and gifted individual, we need YOUR help. We humbly invite you to take the first step by becoming a WFWP member, and to consider giving the "Gift of Membership" to a friend, family member, or colleague this Holiday Season. **We certainly welcome men, husbands, and brothers to join in membership, as well as young students.** In fact our National Board has decided to extend the student age group to middle and high school students ages 12 and up to become paying members (with the permission of one of their parents)! Your contributions help to support all of our ongoing local and nationwide activities.

To sign up and find out how you can get involved in your community, visit us at wfwp.us. Together, we can make all the difference.

Wishing you, your family, and loved ones a

Merry Christmas and a Fruitful 2015!

With Warm Regards,

Angelika Selle
WFWP President USA
