

**WFWP USA: 2 days left! Help us reach our goal for July Schools of Africa Benefit!**

**Exciting news from Rwanda!**

New Hope Technical Institute, with 2,300 graduates, is planning to build a second campus, a new commercial training center!

This new center will provide Dressmaking students with a year of advanced instruction in competitive dressmaking skills and business management.

**\$200 is the cost of a one-year course** in Dressmaking, Hairdressing, or Culinary Arts at New Hope Institute. That one-year course means the difference between poverty and independence for 150 Rwandan young people each year, the school's current capacity.

We are so grateful to all the friends who have donated to this month's fundraiser. Please come on board with your contribution; only 2 more days left!

In the early 90s, the founders of WFWP commissioned 1600 volunteers from WFWP Japan to serve in underdeveloped nations. With willing hearts, these women went to the poorest nations, to neighborhoods in every corner of the world. They started schools, fed the undernourished, and worked to empower women.

Inspired by their dedication, WFWP USA initiated the "Schools of Africa" project to financially support 9 schools founded by those faithful volunteers.

## SUPPORT FROM WFWP USA

Each year, WFWP chapters across the country hold dynamic and creative fundraisers for the Schools of Africa. Fundraising events may take the form of tag sales, silent auction galas, or luncheons that celebrate African food and culture.

Since 2002, thanks to many generous donors, WFWP USA has sent over \$410,000 to the schools.

This invaluable support has helped the schools purchase critical materials for lessons and provide scholarships to impoverished students. Contributions from WFWP USA has also supported school feeding programs, expanded and improved facilities, and paid for skilled staff. Many of the schools operate in the poorest neighborhoods, and have come to serve as a source of stability to their communities.

Virgilio, graduate of Sun of Mozambique, who now works as Country Manager for an engineering consulting firm.

*"I would like to take the opportunity to thank so much the Women's Federation for World*

Peace for...everything that you've been putting into the education of Mozambicans."
