As in the last 5 years, several members, 6 parents and 5 2nd Gen., with 6 ambassadors for peace, took part in the charging of 2 shipping containers for the Togo. These were the 28th and 29th containers to be sent to Togo by GAIA and each was 76m3. All the material had been carefully pre-packed by members of GAIA and each packet carefully noted to its contents and destination before being placed in the containers.

This action has taken place every year around the 21st September or the “Day of Peace” established by the UNO. This was initiated by Maguite LORCY, Ambassador for Peace. She works to help the Togo develop, and to help young people in France find a motive and sense in their lives, and this for the last 20 years. She was a speaker at UNESCO last April. The ONG which she created has been recognized by the authorities in Togo as the N° 1 humanitarian association in the country.

Both young and old, from all walks of life, worked in harmony from 10 am to about 5 pm when the containers were to be picked up and driven off. All involved in the action participated in the action in high spirits.
