

## A wonderful day in Rome with Pres. Mrs. Song

Rome, Italy, 25. November 2012

---

On the occasion of the European yearly congress of WFPW Europe in Rome, Mrs. Song decided to speak to the members of Rome congregation on Sunday. This was a long awaited fulfillment of a promise she made to the Italian brothers and sisters.

Most of the Rome members gathered to welcome her with a warm heart. We knew how good she is in preaching, but the speech went even over our expectations. She was able to melt our hearts, by going through the main aspects of the Providential time, but also conveying very deep and interesting parts of her own personal experience with True Father and her marriage. So all members could be sometime touched deeply inside, some other times brought to laugh or encouraged to a new level of determination, in a perfect mix of depth and uplifting and joyful spirit on the same time. This was exactly what everybody needed at this time of big challenges, so that everybody felt much hope for the future and gratitude for being part of our movement.

In the afternoon, we went to visit three of the historical Catholic churches in Rome where Mrs. Song prayed for the sake of the Providence in Europe and Italy.

I am personally very grateful for the chance to spend a day with Mrs. Song, also because beside the public aspects of the day we could share many important things about True Parents and True Family, the situation of the Italian movement, the 2<sup>nd</sup> generation and even about the future of the world. I really realize once again that we are a family and we need to have the chance to share more, as in any good family is important to do, in order to allow God to be among us and the spiritual world to work through us, but also to understand each other and raise up our conscience and awareness of the Providence.

I sincerely send my gratitude to God, True Parents and to Pres. And Mrs. Song, for having offered Italy such a good time.
