Based on the numerous social ills caused by family breakdown, modern society is starting to acknowledge the vital importance of the family. Yet ACLC's founder, Rev. Sun Myung Moon, had discovered decades ago that the "God-centered-two-parent-family ideal" was God's original and unchanging plan for all His children — as Genesis 1:27 teaches us, God created us in His own image, male and female.

For this month's prayer breakfast, we welcome our ACLC National Chairman, Archbishop Stallings Jr. as the guest speaker, and explore what is the cornerstone of God's Kingdom. We are sure you will enjoy the program.
