Small group connection, Deeper topic exploration, and Testimonies from peers

This retreat is open to all young adults who would like to connect with others from around the country, dive into practical applications of your faith, and dig deeper through discussion and learning from some of the best speakers. Especially during this current pandemic of COVID-19, where we are facing difficulties in being alone, dealing with our mental health, feeling the amplified political divide, and experiencing strains on our relationships, job, and spiritual practice... there is much to be said about how our faith and relationship with God can serve in not only a practical way but a powerful way. "Faith and Focus" will aim to highlight ways in which you don't have to sacrifice a deeper faith in order to be successful in other areas of your life, but rather use it to fuel success, nourishment, and healing.
