Dear brothers and sisters,

True Mother hosted a very wonderful event in Munich, Germany last weekend. I hope you can watch Mother's message and the event which was held.

President Dunkley has now concluded his 10-city tour delivering Blue Dragon content. Thousands of members heard and experienced the tour and it marks a turning point for our church.

Now we have made goals for our national church leading up to the entrance of Cheon Won Gun in 2025.

1. Bring 1,000 new members across the country
2. Bring 1,000 couples to the Blessing in 2025
3. USA donates \$10 million to the Cheon Won Gun

And for this next sprint, each of our churches will have a special family focused event before the end of June.
