Brothers and sisters,

True Mother had a very successful visit to Brazil in which much was accomplished. 1500 young people from all over South America greeted and welcomed True Mother and because her flight was delayed they stayed up until 2am when she arrived in Jardin. The young people lit the dark roads with their flashlights to welcome True Mother and her party.

Before Mother left Las Vegas to Brazil we heard about some very difficult legal challenges she is dealing with. I shared this with Mother.

Beloved Wang Omma

Thank you so much for coming to Las Vegas and for gathering USA leadership to make the condition for renewal and breakthrough. We want you to know that we are absolute in our oneness with Wang Omma and have no doubt or hesitation at all.

When I arrived in Las Vegas on July 1st immediately my eye became a problem. Both of my eyes are functioning well individually but they are not focused together, so I see everything double. This makes it very difficult to function without putting a patch to cover one eye. I felt sorry to sit in front of True Mother at the restaurant and have her to even spend one second wondering what was going on. I had the same situation once before at the time of the Peace Starts With Me rally at Bishop Noel Jones church. The preparations were so intense that the stress (according to doctors) caused this misalignment of my eyes. All I could think about was that True Mother has had to endure far more eye issues as she carries the weight of God's Providence and, at least on a very small level, I could get a glimpse of what True Mother experiences.

When I heard about the court case I was reminded of my home country, England's football game last week. England were losing in the 89th minute and it seemed hopeless for them to win. Surprisingly I still had confidence that England would score, even as the seconds were ticking away. Then, with the last kick of the game an English player scored a spectacular overhead bicycle kick goal to tie up the game and then, in overtime, they scored again and won the game to advance in the tournament. The court case is like that. It may look like it is hopeless but I have confidence that God will bring a last minute spectacular turn around victory. It must happen because it is God's Will.

Mother, please travel safely and be victorious in South America. The American members are one with you and working with our leaders, President and Mrs. Dunkley as well as Dr Ki Hoon Kim our Cheon Shim Won director to bring great victories this year.

True Mother has urged us to be bold and courageous in witnessing and to be ready to proclaim the Only Begotten Daughter and see great things happen. We will soon launch a nationwide campaign to bring growth locally and nationally. Let's get ready for miracles to happen. I hope that everyone can get involved and contribute at this time. Mother said, let's not be like Moses who go all the way to Canaan and then couldn't go in. Let's renew our strength and soar on wings like eagles, run and not grow weary

Isaiah 40:31 but those who hope in the Lord will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint.

God Bless,
