Brothers and sisters,

Hello everyone. Hope you are in good spirits and experiencing goodness each and every day. True Mother is certainly excited and wonders why we are not as excited as she is. She looks upon the opening of the Cheon Won Gun and the Cheon Il Sanctum as the culmination of God's Providence and is welcoming God back into the Garden. She is clear that this is not just another event or a ribbon cutting in a long line of events. This is it! This is the big one.

Our President, Demian Dunkley has been called back and forth to Korea and is having input on the preparations for the Opening Ceremony of the Cheon Won Gun next April 13th. He has taken some of our experts at putting on events to look at the venue and advise how to make it spectacular.

What can we do. Please pray for and invest in the 3 campaigns that we have going on between now and April 13th.

1. The campaign to increase membership and alert America to the time we are living in with True Parents and the Only Begotten Daughter.
2. The campaign to bring thousands of our Blessed Children to the Blessing next year. Special grace is being extended and the opportunity for all our young people to return to lineage connection to God through the Blessing.
3. The campaign to raise a \$10 million offering from America to support the Cheon Won Gun and True Mother's activities for North and South Korea unity. The goal is to have every one of our members make a financial offering, big or small.

Please discuss with your local Pastor as to what opportunities there are for witnessing. I hope we can all unite with True Mother, to do so would be to as excited as she is.
