# **WEST REGION FAMILY NEWSLETTER**

Brothers and sisters,

This is the 2nd weekend of our 21-day witnessing campaign. Thank you to all those who have participated and invited people to come and learn the message of Peace Starts With Me and the breaking news of True Parents. In the first week nationwide we registered 41 new members. Since the beginning of the year we have 200 new members. It takes time to reach the kinds of outreach impact that we are looking for, however I believe we have made a good start.

If you are reaching out to people please record how many invites you make. In reaching out we are alerting Americans to the Mother of Peace and one of our goals is to reach 1/3 of the population. Every time you invite someone please record it here:

True Mother has told us that America is the shortcut for God's providence. That especially applies to a witnessing breakthrough which will inspire our Korean, Japanese and worldwide family members. Please support your local witnessing activities at your local church by inviting and participating.

Our 2nd Campaign is to spread the Blessing and especially to give all of our 2nd Generation the opportunity to return to the Blessing. True Mother is offering Special Grace for anyone who wants to make a fresh start and receive the Blessing. We have reached out to thousands of our young people to find out the level of interest in the Blessing. Please encourage all of our young people who may have questions and need encouragement.

The 3rd Campaign is to raise as much money as we can to support the entrance ceremony to the Cheon Won Gun on April 13th 2025. True Mother is so excited about this entrance and wants us to be excited too. She needs our help and one way we can help is through making a financial offering. Please consider increasing your offering to help this Providence.
