WEST REGION FAMILY NEWSLETTER

Brothers and sisters,

I'm happy to let you know that True Mother is out of the hospital and resting well before heading back to Korea. Your prayers for Mother's full recovery would be very welcomed.

Having just completed the rise up workshop in Las Vegas, which was a huge success, bringing together 279 new members. I don't believe there's been a gathering like that in the history of our movement. Everyone who was there had a good motivation to want to make an offering through Song. Even though it was disappointing to not be able to see True Mother, I didn't hear any complaints. Most people were very concerned that mother take a good rest and get healthy. Also, despite mother, not being there, everyone still gave their full heart and commitment to do their best in song.

On Monday, Jan. 27th we will start the next 21 days of the outreach campaign. We are still on track to bring 1000 new members in America in nine month period.

As the day of the entrance of CWG draws near, we will also have opportunity to receive special grace in the next few weeks. Please look out for information about that.

God Bless,

Kevin and Masako Thompson
