# WEST REGION FAMILY NEWSLETTER

Brothers and sisters,

The petition drive is inspiring members all over the country, and actually all over the world. There are numerous testimonies from members who are having a high spirit experience of collecting the signatures and a strong feeling of doing something tangible to support the Providence. Of course, joining the prayer condition until April 8th is a great contribution also.

Right now we have 982 new members across the country. This is a miraculous victory. Spearheaded by the 10 strategic communities but involving every state in America, we have changed the mentality that we cannot grow. We are a movement and anyone connected to True Parents can be part of the movement. We are constantly working on educational, engagement and Actionizing programs to help each new member mover forward in their spiritual lives and to create vitality elements as they also develop community relationships. Please get involved.

We are also preparing many of our young people to attend the Blessing in Korea in April. This is at the core of what our movement and True Parents mission is all about, the establishment and growth of a new lineage centered upon God and True Parents teachings.

America has now raised over \$8m to offer to True Mother for the Cheon Won Gung. Our Japanese members feel the support from America as the Japanese church goes through incredible hardship. Thank you for your donation if you have already donated and it is not too late for those who still can donate.

God Bless,

Kevin and Masako Thompson
