Brothers and sisters,

This weekend we will remember True Father through the memorial of the 13th anniversary of the Seunghwa.

True Father who poured out his whole life for God and gave life to each one of us, is the greatest man in history who accomplished even more than Jesus as he was able to make the foundation for the Holy Wedding in 1960.

Now we are in the age of the Only Begotten Daughter who loves Father more than anyone else and is desperate to complete the work which Father did on earth, especially the work of national restoration which can often seem further and further away.

Satan always attacks and God brings victory out of such attacks.

I am faithfully expecting huge victories to spring forth from the current persecutions we are experiencing.

Let's pray for True Father's work in the spiritual work and pray for True Mother's on earth.

Pray for her health and her strength to endure and be victorious.

God Bless,

Kevin and Masako Thompson
