WEST REGION FAMILY NEWSLETTER

Brothers and sisters,

Thank you for keeping faith and supporting True Mother during these very trying times. Mother has now been held in the detention center for 5 days which is an incredible injustice and brings shame upon the Korean nation which was chosen to receive God's Only Begotten Daughter, not make the same mistake as Israel in rejecting and crucifying Jesus.

I believe that True Mother will turn around this injustice and create a victory from the seeming jaws of defeat. God will win in the end.

America is standing strong with Holy Mother Han and will bring pressure to bear upon the Korean government to stop their religious persecution and slide into communism.

Your prayers are of great spiritual comfort to God and to True Mother. Mother already gave guidance that the best thing that we should do at this time is to fulfill our responsibility as Blessed families, especially with regards to witnessing.

Please utilize Sunday Service to introduce new friends to our community.

God Bless,

Kevin and Masako Thompson
