WEST REGION FAMILY NEWSLETTER

Brothers and sisters,

We are shocked and dismayed that the Korean Government is holding True Mother in isolation. Mother has severe health concerns. She doesn't even have a chair in her cell, is not wearing her own clothes and has severely restricted visitations. Korea is acting like a 3rd world banana republic. It is disgusting and we have to take action. This is a direct attack on True Mother, on our church and on Christianity in general.

On Sunday, President Dunkley is speaking to our national church at 10:00 am Sunday. He will update us on the situation in Korea and also guide us what we can all do.

Please:

- 1) come to LA and show your support
- 2) Watch at church
- 3) watch at home.

This weekend at Bay Area Family Church we will have *Glimpse Of A Blessed Life* the highly popular program featuring Yun A Johnston and other speakers.

Let's stay strong and show True Mother that we are one with her.

God Bless,

Kevin and Masako Thompson
