

It is a tragedy that the South Korean Government is holding our True Mother

WEST REGION FAMILY NEWSLETTER

Brothers and sisters,

It is an absolute tragedy that the South Korean Government is holding our beloved True Mother in detention and have today indicted her. That means she will remain in custody and the prosecution in Korea stands at 97%. It is religious persecution and our only real hope is that the United States can bring pressure to Korean government on their anti-religious stance. Korea is quickly becoming a one party dictatorship and the persecution of our True Mother as well as other religious leaders is part of the insidious plan to wipe out the opposition party and any of their supporters.

Tonight, at 7:00 pm PST, we will have a unified prayer meeting to pray for Mother's health and safety. If you can join please do so.

All over the world there are righteous people rising up to add their voices to the righteous indignation concerning this religious persecution. I was informed from Tim and Margaret Sisserson about a mosque in Hong Kong where Muslim prayers are being offered for Holy Mother Han.

We have been urged to join X and make our voices heard around the world. We are also encouraged to write letters of support. motherofpeace.com

God Bless,

Kevin and Masako Thompson

Oh @KOREA! What has become of you? Once a nation admired for its respect for the elderly and filial piety towards parents! Is this how you treat an 83 year old great grandma? One who opened the way for Korean culture to be appreciated globally? <https://t.co/mpHPscBS6i>

Things could be shifting in Japan.

FFWPU North America Continental Leader Rev. Donkey interviewed Newt Gingrich.

“Freedom of religion is not for the sake of one religion alone. It is to allow all people to find the path to God and live together in peace. When one faith is suppressed, the whole of humanity suffers.”
