Dear brothers and sisters,

Let us pray for the release of the Mother of Peace. With the President of America [Donald Trump] going to Japan and Korea we pray that pressure can be brought to release True Mother from the hellish conditions that she is enduring. Also that the new Prime Minister of Japan, the first woman PM, can stop the persecution of our church.

President Dunkley has said that the best way to get involved is to be on X and share the best articles to bring awareness about Mother's situation. Please follow Demian Dunkley on X which helps his credibility.

Some wonderful news. On Wednesday Kenji and Gabby Horibe (our Secretary General) welcomed their baby boy, Johan into the world.

Then, in Sacramento on Thursday, Andy and Naomi Froelich welcomed their baby boy, Liam.

Huge congratulations to the parents and grandparents.

God Bless,

Kevin and Masako Thompson
