November 4, 2021

Dear Pastors, Community Leaders, Brothers and Sisters,

Thank you for your ongoing efforts and investments for the providence in North America.

As was shared on Tuesday's TribeNet Call, the North American Blessing Registry is now available to every Tribal Messiah family for personalized access.

The Blessing Registry is the official record of North American Blessed couples who have completed the 43-day change-of-blood lineage condition as guided by True Parents (Unificationists and others).

The purpose of opening access of the Blessing Registry to Tribal Messiahs is to allow the families to make their offering and record their Blessed Tribe couples for CheonBo development. This will be managed by every Tribal Messiah family through an easy-to-use online application called Blessing Registry Stacker. [Please note that this is a tool to record the core 43 couples who complete the 40-day separation and 3-day ceremony. There is no change in the way of reporting the 430 blessings for CheonBo purposes.]

An overview of the purpose and operation of the Blessing Registry presented at the Tuesday, November 2, TribeNet Call can be viewed at the following link (starting at 1:07:08 in the recording):

Applying for access to a personalized Blessing Registry Stacker account can be done through the following online form:

The Blessing Registry Stacker is a great tool to assist our Heavenly Tribal Messiahs and CheonBo Families to complete our mission. We encourage everyone to apply now and make use of this wonderful tool.

Thank you and God Bless,
