True Mother arrived in Las Vegas on April 30 after hosting anniversary celebrations of the Unification movement and the 2022 Hyojeong Cosmic Blessing Festival over Easter weekend.

"True Mother was received at IPEC and greeted with flowers," said Dr. Chung Sik Yong, FFWPU regional president of North America. "She then visited the Cheon Hwa Gung, True Parents' former residency. She blessed the house as the CheonBo branch of the USA, and also met with our youth who are doing witnessing activities."

Dr. Yong said young Unificationists were excited by True Mother's visit. "I think all of them were really shocked and happy to see her," he said. True Mother later held a meeting with national leaders to share some new developments involving two properties, and the spiritual revival of our youth and America.

Below is an excerpt from True Mother's message:

Education is necessary in order to save America and raise up second and third generations. We need the work of the spirits. So, I will first designate Cheon Hwa Gung as the CheonBo Training Center branch, and then East Garden as the next branch. Because America is big, we start in the West and start the fire, and go to the East. So we need to make first, second, and third generations

stand here in endless lines to come in and receive grace and even participate in the Blessing.

I have decided to hand over Cheon Hwa Gung. In reaping the fruits of the Completed Testament Age, this place must become the place to reap those fruits. The church and Youth and Students for Peace (YSP) must go out as one centering on Cheonshimwon, the internal training center. As brothers and sisters, we must go out as one. Therefore, a spiritual phenomenon will also occur, and America will be revived and rebuilt.

You should not just manage the Cheon Hwa Gung, you must reap the harvest. There must be a revival. Like the Cheonshimwon in Korea, you should also hang pictures of Hyo Jin Nim, Heung Jin Nim, and Dae Mo Nim. This must be a sacred place...

Dr. Yong must create a lot of members, whether they are first or second generation. Dr. Yong must select one church in the area he's in and show all the leaders and members how to bring about revival of the members. We need to grow the church by focusing on creating members in places where many people live near the church.

So with confidence, we need to show that we have the power so that people can follow heaven's providence. One way or another, America must help the world providence by becoming a self-reliant America by increasing membership. It is our responsibility to educate and nurture the second generation so that they can contribute to the providence. Therefore, we must hold on to the second generation tightly. So, we need to re-educate the second generation and in this Golden Age, the first and second generation must become one and leave a mark in history that they can offer up to Heaven.

In that respect, Heaven has given our second generation so many blessings. He gave them such blessings that they could not lose even if they faced the world, but their parents and the church were not able to raise them well. That is one of the reasons why I came to America in such a hurry...

Now we have to call out all the second generation out in the world. Second generation children blessed by Heaven must stand well in front of heaven. We have to let them take responsibility for that ... Our goal is to allow our culture to naturally sweep away not only our children's children, but also the children of the world.
