Testimony from Aloha Ocean Challenge in 2020

Through the fishing experience in this Aloha Ocean Challenge, I actually was able to feel that fishing has a lot to do with faith and condition. When it was my turn to sit in the fish fighting chair I would get my mind and body ready and focused. I would think about what I will do once the fish is on and pray to be successful in fishing. As a result, I was able to catch a big mahi mahi and a blue marlin. When I caught the fish a feeling that something was burning and rising was felt from deep within my heart.

Every single day of Aloha Ocean Challenge was a gifted day and thinking about it still makes me cry from amazement as I write this testimony. I strongly believe that Ocean Challenge is more than just fishing, but it is a compressed package of True Parents' love and passion for the ocean and the people of this world.
